Dear Sir/Madam

NOTICE OF MEETING

Notice is hereby given that the next ordinary meeting of Council will be held on

Date: Tuesday 22nd February 2022

Time: 10.00 a.m.

Venue: Via video conference (in response to COVID-19 recommendations)

The Local Government Act 1993 section 65 provides the following:

1. *A general manager must ensure that any advice, information or recommendation given to the council or a council committee is given by a person who has the qualifications or experience necessary to give such advice, information or recommendation.*
2. *A council or council committee is not to decide on any matter which requires the advice of a qualified person without considering such advice unless –*
 - (a) *the general manager certifies, in writing –*
 - (i) *that such advice was obtained; and*
 - (ii) *that the general manager took the advice into account in providing general advice to the council or council committee; and*
 - (b) *a copy of that advice or, if the advice was given orally, a written transcript or summary of that advice is provided to the council or council committee with the general manager's certificate.*

I therefore certify that with respect to all advice, information or recommendation provided to the Council in or with this Agenda:

- (1) *The advice, information or recommendation is given by a person who has the qualifications or experience necessary to give such advice, information or recommendation; and*
- (2) *Where any advice is directly given by a person who does not have the required qualification or experience, that person has obtained and taken into account in that person's general advice, the advice from an appropriately qualified or experienced person.*

Councillors please note:

- In relation to Public Question Time, no members of the Public will be permitted to attend the meeting in person. Questions from members of the public will be accepted up until 1.00 p.m. on Monday, 21st February 2022.

Yours faithfully

6. NOTIFICATION OF COUNCIL WORKSHOPS

In accordance with the requirements of the *Local Government (Meeting Procedures) Regulations 2015*, the Agenda is to include details of any Council workshop held since the last meeting.

One workshop was held since the last Ordinary Meeting.

A workshop was held on the 9th February 2022 at the Council Chambers, Oatlands commencing at 10.30 a.m.

Attendance: Deputy Mayor E Batt, Clrs A Bantick, A E Bisdee OAM, K Dudgeon, D Fish and R McDougall.

Apologies: Mayor A O Green and A Benson.

Also in Attendance: T Kirkwood, W Young and J Crosswell.

The purpose of the workshop was to consider and discuss the following issues:

- **'Carriage House' at Kempton – Future Community Use**

Preliminary discussion and consideration of a request for a newly formed not-for-profit Community group called *Navigate Family Services* to use the former Carriage House at Kempton.

Refer Council Meeting Agenda Item 13.5.1.

- **Woodsdale Football Club – Use of Kempton Recreation Ground**

A verbal report was provided to the workshop. This followed a meeting between representatives from the Central Hawks Junior Football Club and the Woodsdale Football Club. As an outcome of that meeting, it was confirmed that the Kempton Recreation Ground could be used by the Woodsdale Football Club to pay its home games - subject to the terms and conditions negotiated between the two Clubs relating to access; ground preparation; cleaning etc.

The Workshop concluded at approximately 11.00 a.m.

RECOMMENDATION

THAT the information be received.

11. MOTIONS OF WHICH NOTICE HAS BEEN GIVEN UNDER REGULATION 16 (5) OF THE LOCAL GOVERNMENT (MEETING PROCEDURES) REGULATIONS 2015

11.1 Kempton Primary School – Pedestrian Crossing (Old Hunting Ground Road, Kempton)

Deputy Mayor E Batt has submitted the following Notice of Motion:

“THAT the Southern Midlands Council recognise the existence of a child safety issue at the location of the Kempton primary School, and accordingly, re-adjust the capital works program to construct a School Crossing on Old Hunting Ground Road as a **high priority**.”

General Manager’s Comments:

An amount of \$27,000 was allocated in the 2021/22 Capital Works Program. This amount provides for the establishment of a ‘school crossing’ in the vicinity of the bus shelter (adjacent to the Fire Shed) and the construction of a footpath that creates a link back to the Main Street.

A Surveyor has been engaged to prepare the levels etc. (will be on site 28/2/2022) and arrangements have been made with the School Principal for the older students to participate and gain an understanding of surveying etc. In addition, a site meeting has been arranged with the Civil Engineer (21/2/2022) to provide a briefing and design will follow completion of the survey.

Works can then be scheduled as a priority but actual timing may be influenced by the availability of contractors (i.e. concreting and pavement works).

13.5.1 'Carriage House' at Kempton – Future Community Use

AUTHOR: DEPUTY GENERAL MANAGER (ANDREW BENSON)

DATE: 2 FEBRURY 2022

Enclosure(s):

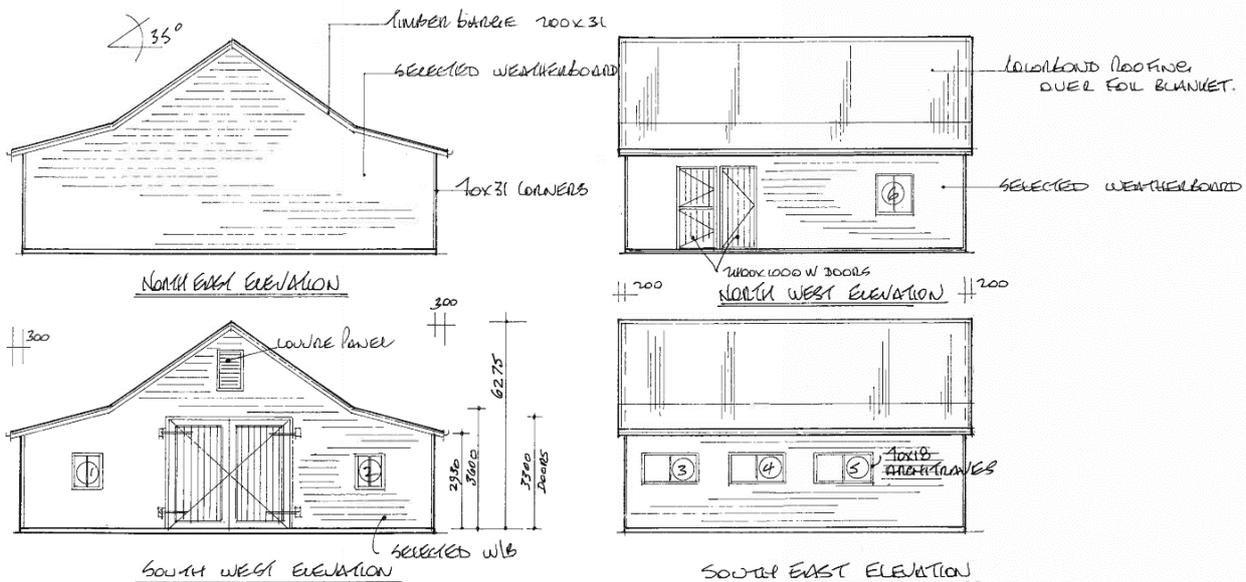

Site Plan

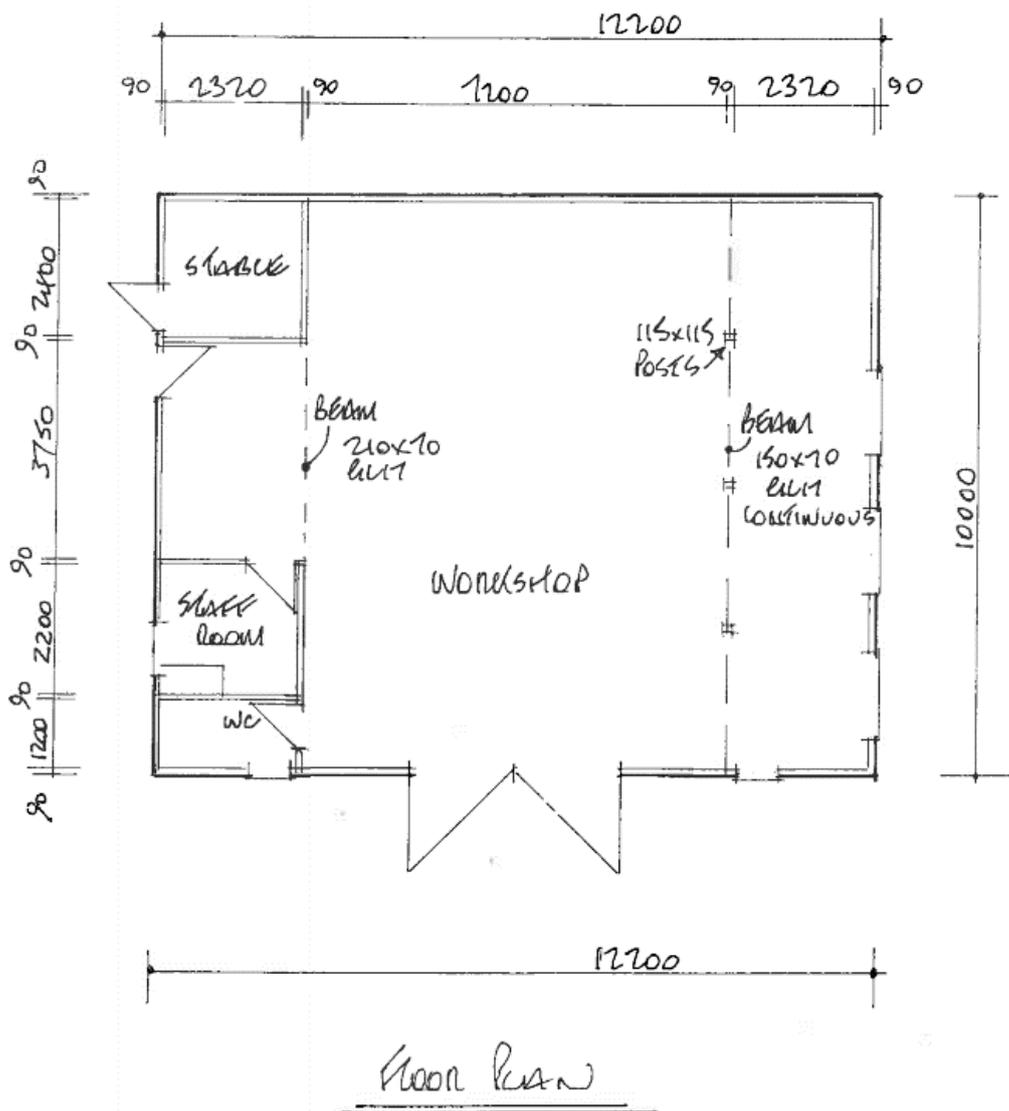

ISSUE

Request from newly formed not-for-profit Community Group called *Navigate Family Services* to use (possible peppercorn lease) the former Carriage House at Kempton

BACKGROUND

The 'Carriage House' at Kempton was designed and built with funding from the then Rudd Government in 2010 as a Community facility. It was designed to accommodate the three horse drawn carriages that were loaned to Council by the Eaves Family. The three carriages were stored at the Carriage House since construction of the building and the Kempton based, Horse Drawn Carriage Group have used the building to also store other horse drawn carriage types along with associated bridles and harnesses.

The Eaves Family decided to offer the three carriages for sale last year and the carriages have subsequently been sold. The Horse Drawn Carriage Group’s enthusiasm appeared to have waned and they have not met for a very long time, although the two principal members of that Group, John Jones OAM and John Hay are still very active members of other Community groups in Kempton. The building was also used as a ‘storage area’ for other Community based organisations in Kempton.

DETAIL

Council Officers have been approached by a newly formed Community group, named ‘*Navigate Family Services*’ which is based in Kempton. Deputy General Manager - Andrew Benson, Manager Community & Corporate Development – Wendy Young and Community Development Officer – Michelle Webster met with Martine Batt, Kristy Ingram, Adam Frazer and Kristen Kizimchuck, representing *Navigate Family Services*. Council Officers were advised that the new organisation had been formed from a Community meeting where fifteen Community members enthusiastically supported the formation of the new organisation to provide the following services for families, across Bagdad, Broadmarsh, Kempton, Dysart and Melton Mowbray, namely;

- Counselling for Families;
- Brief Interventions and Case Management;

- General Advice and Assistance for local Families – (Documentation Correspondence, Legal Questioning, Support);
- Services, Links to other Allied Health Professionals including warm referrals);
- Behavioural Management Individualised Support;
- Support Groups, Children wellbeing workshops;
- Community Enhancement Events and programs developed in consultation with identified community needs.

In general terms these services would equate to activities in the following types of areas, where they could be 'centre based'.

- Children Identified and Community identified workshops and fun activities for children.
- Community Enrichment programs identified by the community such as Dance, Skate, Sport, Art, Chillout programs (lego days)
- Local guest speakers then linking these events with local festivals etc.
- Programs developed in consultation with community's resources industry needs farmers working with children (local celebrated male and female farmer's workshops). Wellbeing identified issues for example Gaming and local author Vietnam Bradley Cooper. Fixed programs developed implemented and presented by locals. Budding voice, mentorship lifelong community growth enhancement.
- Links with other local events – children can showcase their work at festivals, the successful Artist in Residence program can utilise space in return – these professional artists provide specialist workshops to our children (already encouraged).
- Space to celebrate the young people's achievements.
- Year long activities because indoors.
- Space for Navigate and other external organisations to run community support programs. Sessions with a space for children to play.

The logo for the organisation, below certainly represents their aspirations.

The organisation is currently seeking incorporation under the Associations Incorporate Act 1964. It has already galvanized a funding stream for the Salvation Army's Communities for Children Program and is currently preparing a funding submission under, 'The Premier's Fund for Children and Young People' which is a community development fund delivered through the *It Takes a Tasmanian Village: Child and Youth Wellbeing Strategy*, with funding provided from the Tasmanian State Budget 2021-22. That grant application is for children and young people aged 0-25 years in their local areas, and closes on the 11th February 2022.

It was suggested that the Carriage House could be the 'centre based' location for these activities and a 'home' for the organisation. The Deputy General Manager offered to explore the situation in respect of the Carriage House and seek Council's views in respect of a way forward to enable

the organisation to flag Council's interest and support is being sought prior to the closing of the grant.

It is acknowledged that a number of Community groups in the Village of Kempton have 'an interest' in the Carriage House and therefore the Deputy General Manager (DGM) reached out to the following Community leaders in Kempton to seek their views on the use of the Carriage House by this new organisation, namely

- John Jones OAM, former Chairman of the Horse Drawn Carriage Group, President of the St Mary's Community Cemetery Kempton Inc;
- John Hay, President of the Green Ponds Progress Association Inc (GPPA); Public Officer of the St Mary's Community Cemetery Kempton Inc;
- Gabrielle Watkins, Immediate Past President of the GPPA and also the Chairperson of the Kempton Festival Committee; and
- Carolyn Bassett, Treasurer/acting Secretary of the Kempton RSL, Secretary of the GPPA, Secretary of the St Mary's Community Cemetery Kempton Inc.

All of these very active and influential members of the Kempton Community were very supportive of the new organisation and its aspirations. They were also supportive of the new organisation using the Carriage House. It was identified that the GPPA do use the Carriage House for storage of equipment and materials. It was agreed that if Council supported NFS using the Carriage House, then NFS would make every endeavour to accommodate the storage of the GPPA equipment that is currently within the building. Other equipment and carriages are still housed in the building and the DGM agreed to gather all of the people on site that had equipment or materials in the building with the removal from the building being agreed, documented and then arranged.

This appeared to have covered most of the issues with interest groups and Community support. The one remaining issue is that of a toilet within the building. There is a space in the building but no toilet occupying that space. However there is a sewer that was constructed by AWC when they hired the building a few years ago and that is just outside the building, where AWC had a 'portaloo' connected. Power and water are already connected to the building.

CONCLUSION

The Carriage House has been underutilised for a number of years and the emergence of this new Community focused not-for-profit organisation will bring new life and a sense of vibrancy to this building. This use will also add to the plans that the Community have championed on this overall site for the Skate Park and the off-lead Dog Park. Being adjacent to the Kempton Recreation Ground the ability of this whole precinct to be an engaging area and meet many Community expectations, is a wonderful resource for the Village of Kempton and indeed the whole district.

Community Consultation & Public Relations Implications – Stakeholder engagement has been undertaken in relation to this matter as discussed within this report.

Policy Implications – Nil

Priority - Implementation Time Frame – Nil

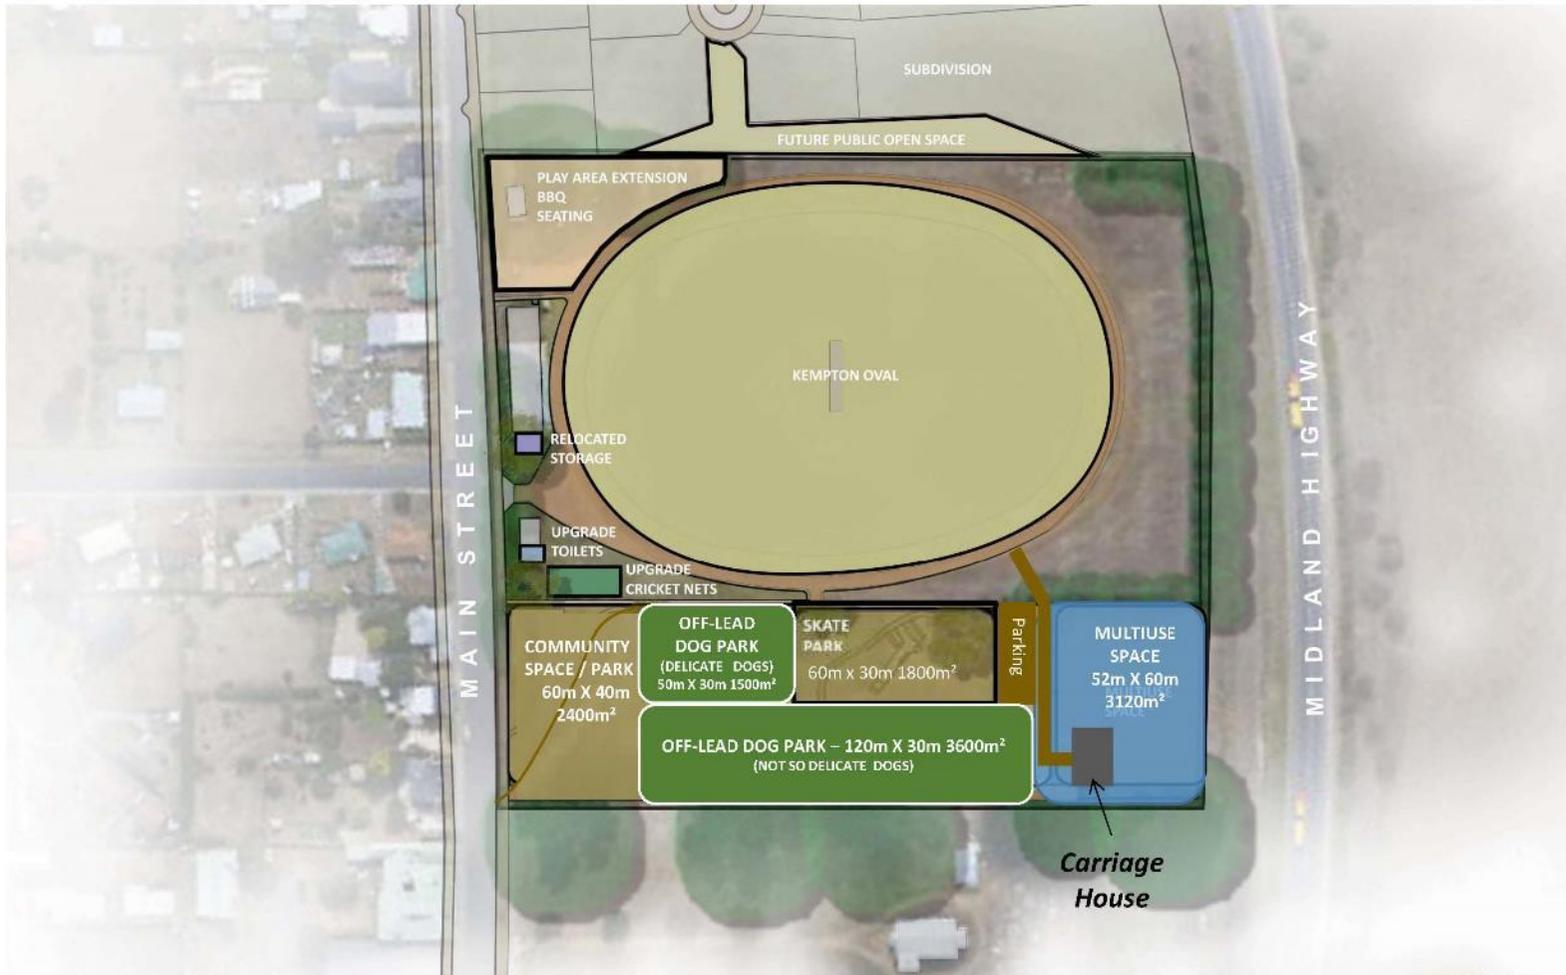

RECOMMENDATION

THAT Council:

- 1) Received and note the Report;
- 2) Acknowledge the establishment of the new Community based organisation Navigate Family Services, (soon to be incorporated);
- 3) Enter into a three year lease, including options for extension, with a peppercorn rental of the Carriage House building at 128 Main Street, Kempton to Navigate Family Services, once that the organisation is incorporated;
- 4) Consider a budget item in the 2022/2023 budget for the establishment of appropriate amenities for the Carriage House;
- 5) Provide a letter of support from Council for the inclusion in the Navigate Family Services grant submission; and
- 6) Council's position be reviewed if the grant application is unsuccessful.

13.8.1 Oatlands School – Soft Plastics Recycling (Participation in the REDcycle Program) – Information Only

AUTHOR: GENERAL MANAGER (TIM KIRKWOOD)

DATE: 17 FEBRUARY 2022

ISSUE

Preliminary advice to Council that Council officers are investigating participation in the REDcycle program (at the request of the Oatlands School) which is a recovery initiative for post-consumer soft plastics.

BACKGROUND

ED Group is a Melbourne based consulting and recycling organisation who has developed and implemented the REDcycle Program; a recovery initiative for post-consumer soft plastic.

ED have teamed up with Coles, Woolworths and some of Australia's most loved brands to make it easy for you to keep your plastic bags and soft packaging out of landfill.

For information, soft plastics are things like plastic bags, chip packets, garbage bags, bubble wrap and anything that acts as a bag around food.

DETAIL

An Email communication has been received from the Oatlands School (Janene Isles) requesting Council to investigate the possibility of a REDcycle bin being placed in Oatlands.

It is indicated that the over the last few years, the students have saved their soft plastics and they have been delivered to the Supermarkets in Hobart. The Email states that for the environmental footprint on our community, the students of the Oatlands School could be the pivotal change.

The intention is to have a REDcycle bin located in Oatlands that could be serviced by the company. Whilst a location has yet to be determined, in the first instance, confirmation is required that the bin will be serviced and the recyclables collected.

A review of the Company's website states that it is not able to offer collection services to schools, day care centres or other business due to logistical reasons, hence the need to investigate what options may exist.

Depending on the outcome of these enquiries, it has also been proposed that this initiative could be rolled out to other schools within the Southern Midlands. The challenge being to identify a location for depositing the materials in each of the areas.

Human Resources & Financial Implications – refer comment above.

Community Consultation & Public Relations Implications – Positive.

Policy Implications – N/A

Priority - Implementation Time Frame – N/A

RECOMMENDATION

THAT the information be received with further information to be provided when available.

DATE: 17 FEBRUARY 2022

Roads Program

Council's graders have been working on various roads with the bus routes being the priority roads for grading as required. Council's grader has recently completed works on Bluff Road including re-sheeting where required, the focus has been to prioritise the higher traffic usage areas of roads. General road maintenance and repairs will continue, including works on pavement repairs and table drain clearing.

Minor gravel re-sheeting works have been completed on various sections of roads throughout the municipality. The gravel re-sheeting programme will commence as soon as weather and resources permit.

Roadside Mowing Programme

Council's annual road verge mowing programme is almost completed.

Road Rehabilitation Programme 2021/22

Drainage works and road re-seal preparation works have commenced in Tunbridge. Further re-seal preps, drainage and pavement repairs are programmed for Woodsdale Road. Inglewood Road pavement repairs are completed.

Walkway and Kerbing Works

Installation of kerb and gutter, footpath and associated storm water upgrade works continue on Black Brush Road. There has been some alterations to the plans to allow for off street parking outside premises on Black Brush Road. Stage 1 of these works have recommenced. Works will continue late January-February.

Parks and Reserves

General maintenance of parks and reserves will continue with a focus on ensuring growth is maintained at an acceptable level. The recent wet weather has created favourable growing conditions with grass area maintenance being a priority throughout the period.

Bridge Works

Bridge widening works are completed on Interlaken Road .The road approaches and guard fencing will be completed soon

Waste Management Program

New entrance gates have been installed at the Campania Waste Transfer Station.

Planned Works

The following capital works are planned for the coming period:

- Oatlands Aquatic Centre storm water drainage pipe installation;
- Footpath and kerb instillation Oatlands to continue as weather permits;
- Repair various roads and drainage;
- Black Brush Road storm water work;
- Road re-seal preparations;
- Drainage and pavement repairs to Inglewood and Woodsdale Roads;
- Tunbridge drainage and pavement repairs;
- Footpath and storm water infrastructure re-newel works Sophia Street to Erskine Street Kempton;
- Preparation works for new skate-park Kempton;
- Hall Lane Bagdad drainage works;
- Undertake various bridge maintenance repairs.

15.1.1 Heritage Project Program Report

AUTHOR: MANAGER HERITAGE PROJECTS (BRAD WILLIAMS)

DATE: 22 FEBRUARY 2022

ISSUE

Report from the Manager, Heritage Projects on various Southern Midlands Heritage Projects.

DETAIL

During the six weeks, Southern Midlands Council Heritage Projects have included:

- Audit of framed works in SMC Heritage Collection, excluding AIR program artworks. Includes purchases, donations and Court House/National Trust collection material
- Audit of Archaeology and Heritage collections and processing of non-select materials in accordance with the Heritage Collections Policy
- Deborah Baldwin has commenced a Laboratory Practices course to support collection conservation and preservation activities
- Supporting the Artist in Residence Program – implementing a new application log system, bookings calendar & selection process has been developed due to demand for places. The 79 High Street ‘user manual’ has also been updated and refined pursuant to the Artist in Residence policy and the Oatlands Commissariat and 79 High Street User policy. Since the Artshub advertising of the program in mid-November 2021, we have had 34 enquiries & 12 applications have been lodged for a place right into 2023. Since the last Council meeting we have had 12 enquiries & 4 applications. Support to MC Studio (Maxim Chikanchi and Rozelle Tan) with their Art Show at the conclusion of their stay. A successful afternoon & evening which was well attended by locals & visitors from Hobart, with the piece donated to SMC shown below titles “Everyday after work”. Currently the next Artist booked in is for April however it is likely we can fill the space during March. There is a wide range of Artists applying, varying from a composer, different types of painters, photographers, sculptors, a goldsmith/silversmith, writer, musician & a lymesmith.
- Continuation of recording for the Oatlands True Crimes series in conjunction with MidFM.
- Continued higher than normal input required into large statutory heritage pre-app and assessments.

New donation to SMC Arts Collection: *Every Day After Work*. Max Chikanchi.

For Council's information, Deborah Baldwin has provided the following overview of the ongoing heritage collections audit which forms a key part of the Heritage Collections, Exhibitions and Data Officer role:

Audit 2021/2022 of SMC Archaeology and Heritage Collections

The Heritage Collections Policy April 2021 states at 3.4:

An annual audit of the collection is to be undertaken, which must include:

- *Accession of newly acquired items in a timely manner.*
- *Check of the condition of all items identified as at high risk of deterioration.*
- *Check of the condition of a representative sample of all items.*
- *Check of environmental conditions of storage, display and exhibition facilities.*
- *A check-list report of item and environmental conditions*

Two preservation needs assessments have been undertaken. The recommendations have been taken into consideration when prioritizing material for examination through the audit process

The audit process began in 2021, with audit procedures being developed simultaneously around the requirements of the collection and with regard to available resources.

Collection audits ensure that the collection material

- location is checked and updated as required*
- condition is checked*
- vulnerable and sensitive items are identified*
- cataloguing is undertaken and manual records digitised*
- exhibition potential is identified*
- packaging is appropriate and*
- pests and other preservation hazards are identified*
- display and storage conditions are assessed and optimized*

The artwork, paper based, photographic and archaeology collections are mid process with a colour coded spreadsheet system being used to track progress which will be reported on at the end of the financial year.

RECOMMENDATION

THAT the Heritage Projects Report be received and the information noted.

15.2.1 NRM Unit – General Report

AUTHOR: NRM PROGRAMS MANAGER (MARIA WEEDING)

DATE: 15 FEBRUARY 2022

DETAIL

- Mary Smyth commenced working as the Weeds Officer on Monday 24th January 2022. See report below.
- The new pathway and pathway upgrade works on the Lake foreshore have now been completed in line with the Permit conditions regarding the start and finish points for works. There is a small amount of funds remaining in the project grant. A request for some minor bitumen surface repair work neat the toilet block has been made to the Australian Government to fully exhaust the funds. To date there has been no reply re this request.
- Helen and Maria have been working on a draft for a new information brochure for Lake Dulverton. They have also been busy sorting out some issues with the two walking track people counters. The counters were eventually were sent to Mulgrave, Victoria for some minor maintenance / repairs. One counter had an ant nest incursion - a member of the public had removed a component from the weatherproof box allowing the ants to enter.
- Helen has been working on traffic counter matters.
- Maria is taking time off when possible to reduce leave hours that have accrued.
- The first report from the new Weeds Officer for the period Monday 24th January to Tues 15th Feb is as follows:
 - **Induction**
Started as Weeds Officer on Monday 24th January. Spent time meeting Southern Midlands Council staff, getting up to speed on operating systems and past practices, learning about the district and the specifics of various weeds in relation to the 'Southern Midlands Weed Management Strategy 2020 – 2025', the Weed Management Act 1999 and the Biosecurity Act 2019.
 - **Enquiries**
1 (Comb wheat grass (*Australopyrum pectinatum*) NOT a weed)
 - **Site visits**
Total = 9

1 x Periwinkle (Rhyndaston)

1 x Gorse and Broom (ground disturbances on Tunnack Rd near walking track)

7 x weed familiarisation sites with NRE Invasive Grasses Species Officer Sandy Leighton. The sites included:

Serrated tussock – small infestation on Midlands Highway (Spring Hill) to check re the ongoing management; Chilean needle grass northern limit of known sites near Colebrook; small English broom infestation near Lovely Banks Road; stemless thistle, Mt. Mercer off Lovely Banks Road; Cardoon artichoke plants in a garded setting – High Street, Oatlands; checked site of historical record of Mexican feathergrass at Oatlands (no plants found).

▪ **Weed control**

Assisted Maria Weeding and Helen Geard with weed control of a couple of garden beds on Lake Dulverton forshore, Oatlands.

▪ Lake Dulverton – Cumbungi issues:

1 x rowed (with Helen Geard) to Mary’s Island to treat a patch of Cumbungi that had been reported by a member of the public. Found a second patch on the shore of the island.

1 x walked from Maher’s Point across the big bund, around the conservation zone and as far as the shore near the night cart cans, treating Cumbungi. Approximately 8km of shoreline covered. Some areas of foreshore remain to be surveyed for further outbreaks.

▪ **Communication**

Email to member of the public who supplied Comb wheat grass samples.

Emailed various key contacts to introduce myself, including representatives from State Growth, Herbarium and Biosecurity Tasmania.

▪ **Planning**

Worked through current and future projects list with Maria Weeding and Helen Geard.

RECOMMENDATION

THAT the NRM Unit Report be received and the information noted.

15.5.1 Mobile Food Vendors Policy – Amendment to Adopted Policy

AUTHOR: SENIOR PLANNING OFFICER (JACQUI TYSON)

DATE: 8 FEBRUARY 2022

Attachment(s):

Draft Council Policy – Mobile Food Vendors (February 2022)

INTRODUCTION

In June 2020 Council determined to adopt a Policy relating to operation of Mobile Food Vendors (Food vans).

The Policy has now been reviewed in accordance with the review schedule and it is recommended that an amended Policy is adopted.

DETAIL

The Mobile Food Vendor Policy has now been in operation for approximately eighteen (18) months.

The Policy is considered to be a success with several businesses taking up the opportunity to obtain Mobile Food Vendor Permits to operate in Southern Midlands.

One change to the Policy is recommended at this time.

The current Trading location in Bagdad is the Bagdad Community Club (Area 1). This site is now leased and occupied by a food business.

As such, it is recommended to change the location of Area 1 to Quarrytown Road, Bagdad near the Post Office. This land is owned by the Crown as part of the Midland Highway road reserve. Advice has been obtained from the Department of State Growth indicating they have no objection to this.

Following Councillor feedback, the wording of the Policy has also been updated to reflect that it applies to community owned and managed sites in some cases in addition to land owned or managed by Council.

RECOMMENDATION

THAT Council adopt the amended Mobile Food Vendor Policy.

Enclosure(s):

Animal Management Statement February 2022

ISSUE

Consideration of the Animal Management/Compliance Officer's report for February 2022

The purpose of the report is twofold:

1. To inform Council and the Community of infringements issued by Council Officers in relation to Animal Management for the period June ; *and*
2. Provide a brief summary of actions and duties undertaken by Council Officers in relation to animal management.

This in turn informs the community of the requirements and expectations of the Council to uphold and enforce the relevant legislation. This reminds Council and the community of the importance of responsible ownership of animals.

The infringements detailed in this report were all issued under the *Dog Control Act 2000*.

Resource Sharing

Southern Midlands Council currently provide Animal Management services to the Central Highlands Council through resource sharing arrangements. Jobs of note are itemised in the enclosed statement.

16.2.1 Grant Deed of Variation (Oatlands Aquatic Centre CDG655) – Australian Government – Community Development Grants Programme

AUTHOR: GENERAL MANAGER (TIM KIRKWOOD)

DATE: 14 FEBRUARY 2022

Attachment(s):

Grant Deed of Variation (copy available on request)

ISSUE

Council to execute the Deed of Variation between the Australian Government's Department of Infrastructure, Transport, Regional Development and Communications and the Southern Midlands Council for an amount of \$2.0 million relating to the construction of the Oatlands Aquatic Centre.

BACKGROUND

The initial Grant Deed with the Australian Government was for an amount of \$1.50 million. Following execution of this Deed, the Australian Government granted an additional \$0.5 million.

From an administrative perspective, the Department of Infrastructure, Transport, Regional Development and Communications recommended that the parties enter into a Deed of Variation i.e. vary the existing Grant Deed) as opposed to entering into an additional Grant Deed.

DETAIL

The Grant Deed of Variation is basically identical with the exception that the 'Milestone and Payment' Schedule has been updated to reflect the revised arrangements and the timing of the grant payments.

Human Resources & Financial Implications – In summary, the Grant Deed provides for three instalments:

- Progress Report No 1 - payment of \$600,000 (on or about the 15th April 2022);
- Progress Report 2 – payment of \$900,000 (on or about 1 July 2022); and
- Project Completion Report – payment of \$500,000 (on or about 17 October 2022).

Community Consultation & Public Relations Implications – N/A.

Priority - Implementation Time Frame – Refer above comment.

RECOMMENDATION

THAT:

- a) The information be received; and
- b) Council sign and seal the Deed of Variation in relation to CDG655 Construction of New Oatlands Aquatic Centre.

17.2.1 Tabling of Documents

Letter dated 16th February 2022 from Mr John Charles Smith and Mrs Sandra Kay Smith.

General Managers Comments:

Council to acknowledge receipt of the letter and advise the writer that the matter will be considered as part of the 2022/23 Budget process.

Mr John Charles Smith and Mrs Sandra Kay Smith

16th february 2022

Southern Midlands Council

mail@southernmidlands.tas.gov.au

To Whom it may concern,

I Mr J.C Smith and Mrs S.K Smith of 105 Nichols Rd, Elderslie are putting in writing requesting the Dysart Rd which is located off Elderslie Rd previously known as Clifton vale Rd sealed with bitumen.

My wife and I have been residents of the district since 1975, so for 47 years we have been travelling these roads and paying our rates and taxes.

As the population in Elderslie is an aging one including my wife and I it has now become a safety issue for carers, families and friends travelling the road due to poor unkept conditions.

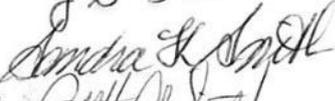

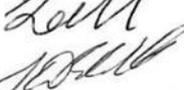

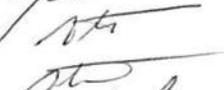

The short- term measures Southern Midlands Council put in place which is grading the road every six months is now no longer adequate.

Therefor included with this letter are signatures of residents also requesting this road to be sealed.

I would like a response to this important matter to the residents and I of Elderslie once taken to the next council meeting.

Your's Faithfully

Mr and Mrs J.C Smith

17.2.3 Local Government Association of Tasmania – General Meeting (To be held 18th March 2022)

Author: GENERAL MANAGER (TIM KIRKWOOD)

Date: 14 FEBRUARY 2022

Enclosure(s):
Submission of Motion(s)

ISSUE

Council to consider the Motions which have been submitted for consideration at the Local Government Association of Tasmania's General Meeting scheduled for 18th March 2022.

BACKGROUND

These Motions have been included on the Agenda to allow for discussion prior to the General Meeting and to provide voting direction for Mayor Green as Council's delegate to the Association.

DETAIL

The LGAT has received four motions to date. They being:

1. Northern Midlands Council – Family and Sexual Violence

Motion:

THAT LGAT lobby the State Government to initiate and fund the development and implementation of a family and sexual violence prevention framework for local government across the state.

2. Brighton Council – Electric Vehicles

Motion:

THAT LGAT advocate to the Federal Government for the removal / exemption of FBT on Electric vehicles where use is restricted to travel between home and work.

3. Clarence Council – Dilapidated, derelict and abandoned buildings register

Motion:

THAT LGAT lobby the State Government to investigate a legislative mechanism enabling state-wide, publicly available dilapidated, derelict and abandoned buildings registers and to charge levies in respect to those properties.

4. Kingborough Council – Fire Bunkers

Motion:

THAT LGAT lobby the State Government and Tas Fire Service to investigate the accreditation of fire bunkers and other structures legalised in Australian states for use in Tasmania.

SMC Comments:

This Motion requires careful consideration and in the absence of more supporting detail this Motion should not be supported. There is a lot that is unknown (or proposed) and it raises questions such as:

1. How are underground bunkers approved in other states – are they designed by a licenced person and approved by a Building Surveyor, or Council?
2. Are they back yard bunkers built without approvals and who considers the ventilation issues?
3. What use and classification would the work fall under? Will the work be covered under the Building Code of Australia or the Building Regulations?
4. Would license professionals (designer, surveyors and builders) consider this type of work?
5. Would a Building Surveyor be prepared to consider this type of work? This will affect the BS/Designer/Builder insurance premium - \$\$\$\$\$ to the consumers (new home builders)
6. Would Councils Building Surveying Services consider providing services for this type of work (risk, insurance, liability)?
7. Would it end up being compulsory in a Bushfire Prone Area?

Human Resources & Financial Implications – Not applicable.

Community Consultation & Public Relations Implications – Issues to be considered.

Priority - Implementation Time Frame – LGAT General Meeting scheduled for 18th March 2022.

RECOMMENDATION

THAT Council consider its position in relation to each of the four (4) Motions submitted to the Local Government Association of Tasmania for consideration at its General Meeting to be held 18th March 2022.

Motion:

That LGAT lobby the State Government to initiate and fund the development and implementation of a family and sexual violence prevention framework for local government across the state.

Background

Local Governments play a vital role bringing together different organisations with regards to the health and wellbeing of their communities.

In October 2021, a number of representative across 13 councils, including Mayors, Councillors, General Managers, Directors and Community Development Officers met with the Our Watch Senior Advisor, Kelsey Paske, and LGAT Policy Officer, Lynden Leppard to form an informal community of practice to identify what councils were doing with regards to prevention, to share insights, discuss challenges and develop a collaborative approach for how local government in Tasmania can effectively address the drivers of violence against women. The scourge of Family and Sexual Violence continues to plague Tasmanian communities. By developing a framework to address this issue, Local Governments can assist in bringing together multiple stakeholders in the Family and Sexual Violence prevention fields to harmonise their efforts and be a voice of advocacy in their communities. This motion seeks to encourage Council's across the state to bring this matter to the forefront of their planning in the health and wellbeing space.

The Australian Government developed the National Plan to Reduce Violence Against Women and their Children which is a long term (12 year) plan (2010 – 2022). The Tasmanian Department of Premier and Cabinet, Community Development Division developed a complementary strategy, "Safe Homes, Families, Communities: Tasmania's action plan for family and sexual violence 2019-2022". Both strategies have now reached the end of their timeframe and are due to be reviewed and updated. The Draft "National Plan to End Violence Against Women and Children 2022 – 2032", was released for comment on 14 January 2022.

Statistically, in 2020, there were 3,414 victims of assault recorded in Tasmania (631 victims per 100,000) persons. Most assaults:

- occurred at a residential location (57% or 1,946 victims)

Most assault victims:

- knew the offender (73% or 2,496 victims)
- were female (53% or 1,819 victims)

Around half of all assaults were Family and Domestic Violence (FDV) related. That's 47% or, 1,600 victims of FDV.

There were 267 victims of sexual assault recorded in Tasmania in 2020, an increase of 27% (56 victims per 100,000) from the previous year (49 victims per 100,000 persons).

Most sexual assaults occurred at a residential location (71% or 190 victims). Most victims of sexual assault:

- knew the offender (86% or 229 victims)
- were female (83% or 221 victims)

Around two in five victims of sexual assault were FDV-related (41% or 110 victims).

Reference: Australian Bureau of Statistics (Recorded Crime – victims): <https://www.abs.gov.au/statistics/people/crime-and-justice/recorded-crime-victims/latest-release#tasmania>

Domestic and family violence refers to a wide range of behaviours designed to create dependency, isolate, and control, or monitor another person's activities. Control and power can be enacted through words as well as actions, and it is important to recognise that these behaviours, while not physically violent, are still serious types of domestic abuse. These actions occur when a person tries to deny another person their freedom of action, as well as trying to frighten, humiliate, or degrade them.

Appreciably, the experience of domestic violence doesn't affect all women equally. Women with disabilities, young women, pregnant women, Aboriginal and Torres Strait Islander women, culturally and linguistically diverse women (CALD), and women experiencing financial hardship, are most at risk of experiencing domestic violence. Further, the impact it has on the lives of our families, friends, and the wider community include long term social, health,

psychological, financial, and economic damage.

Every year, millions of Australians from all socio-economic backgrounds, religions, education level, age, gender, or sexual orientation, experience Family and/or Domestic Violence, and while men are also victims, it is women who are the overwhelming victims, describing living with violence as, *“like being on a roller-coaster, never knowing what will happen next”* and *“living in constant fear”*.

While levels of government, workplaces, community sectors and individuals and families have a role to play, local government is closely connected with the community and has influence that state government does not. We need to work together to ensure that we all promote respect, inclusion and a healthier Tasmania.

Local Government has an ideal opportunity, through LGAT and the development of a Local Government Framework, to bring fresh perspective at a local level and send a message to the broader community that Councils are concerned for the health and wellbeing of their communities and the prevalence and effects of domestic and family violence.

The Northern Midlands is bringing this Motion to LGAT now, rather than waiting for the September meeting and a State Government response, so that this proposal can be presented within the State Budget LGAT Priorities List for inclusion in the current review of the Third Tasmanian Family and Sexual Violence Action Plan and potentially funded under this Plan.

LGAT Submission -Meeting March 2022

Decision Sought

That LGAT advocate to the Federal Government for the removal/exemption of FBT on Electric vehicles where use is restricted to travel between home and work.

Background

Brighton Council brought the issue of Fringe Benefit Tax impediments for full electric vehicles to the Southern Tasmanian Councils Authority's attention, seeking endorsement to send an advocacy letter to the Federal Government from the STCA (attached). This was subsequently endorsed on 17 November 2021. The letter urges the Federal Government to:

"add Electric Vehicles to the Australian Taxation Office eligible vehicles where private vehicle use is restricted to travel between home and work."

The STCA represents a significant proportion of Tasmania's population and advocates for climate change action via the Regional Climate Change Initiative (2011 to 2021).

Brighton Council authored the letter to Federal Government Minister Angus Taylor and cites Brighton Council as one local government example of many, working to reduce the barriers to electric vehicle adoption.

Brighton Council internal electric vehicle review November 2021 summary

Brighton Council has recently reviewed opportunities to switch to full electric vehicles as part of endorsing a corporate emission reduction target of 30% below 2021 levels by 2030, on the pathway to zero emissions by 2040.

Cost is one of the biggest barriers preventing broadscale switches within local government fleets.

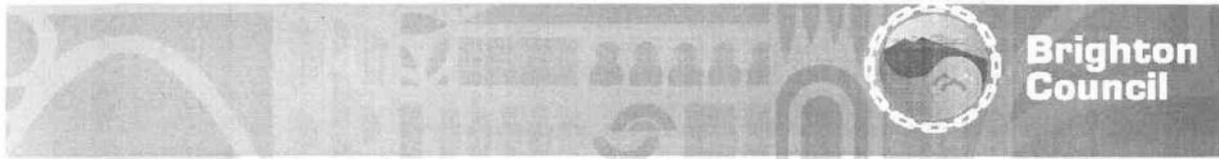

Fringe Benefit Tax (FBT) becomes a significant financial cost for roughly half of Brighton Council's light vehicle fleet (not heavy vehicle/trucks) as most of the take-home-work-vehicles are utes, which do not attract FBT. As soon as these are switched to an electric sedan or hatchback for the same purpose, a Federal Government Fringe Benefit Tax applies.

The FBT exemption for take home, private use restricted utes can be as high as \$8000 per vehicle per year. The scale of this saving effectively renders all other vehicles more expensive. If this exemption applied to electric vehicles, it would instantly be cost effective for council to transition toward low emission electric vehicles, which would also benefit from charging when parked from council's roof top solar.

The current Liberal Coalition Federal Government recently reviewed the application of FBT to electric vehicles as part of the national Future Fuels and Vehicles Strategy and has no plans to alter the existing FBT policy. The recently announced Labor Party policy is to exempt FBT for all electric cars below the luxury car threshold for fuel efficient cars from July 2022, should they win the next election.

The landscape for low emissions and EVs is changing rapidly. We should take every sensible opportunity to reduce emissions, make savings and improve efficiency.

Communities look to Council's for leadership on issues such as climate change action and it emerged as a core priority for the Brighton Council community in the 2050 Vision consultation. There is a key role for government to demonstrate emerging technologies, such as the Tasmanian Government has by setting a 100% EV state government vehicle fleet target by 2030 and changing its stamp duty policy for EVs.

13th December 2021

The Hon. Angus Taylor MP
House of Representatives Parliament House
PO Box 6022
CANBERRA ACT 2600

Dear Minister Taylor,

Request to remove Fringe Benefit Tax for electric vehicles

We commend the Federal Government's efforts releasing the first national Future Fuels and Vehicles Strategy backed by an expanded \$250 million Future Fuels Fund investment. We agree that voluntary adoption of electric vehicles is the right pathway to reduce transport emissions over the long term and that regressive taxes, namely the FBT disparity, increase the total operating cost of cars across governments and businesses.

Fringe Benefit Tax (FBT) currently acts as a strong financial disincentive, delaying the uptake of electric vehicles, we therefore urge the Federal Government to remove FBT applicable to electric vehicles.

We urge the Federal Government to add Electric Vehicles to the Australian Taxation Office eligible vehicles where private vehicle use is restricted to travel between home and work.

Brighton Council has taken a key role in climate change action, leading by example, and managing their own vehicle fleets to save emissions and switch to hybrid or full electric vehicles, among a range of corporate mitigation actions.

Greenhouse gas emissions from burning petrol and diesel remains a significant problem. These emissions represent 79% of Brighton's Council's corporate energy-based emissions footprint and is a third of Brighton's community footprint. While electric vehicle popularity is gaining, there were 7 in the Brighton Council area in 2020, less than 1% of the total vehicle pool registered through the Australian Bureau of Statistics.

We acknowledge climate change action requires leadership, and in response have developed the Brighton Climate Change and Resilience Strategy 2019, have solar systems on council buildings, installed an electric vehicle charger, manage two hybrid electric vehicles, commenced a new Food waste Organics and Green Waste Organics service, provide local climate change science impact information, and have a Corporate Climate Change Adaptation Plan 2012.

Brighton Council is one example of a Tasmanian local government that recently examined switching over to full electric vehicles. Like many councils throughout Tasmania, Brighton has a significant portion of the employee take home vehicle pool as utes due to the low capital costs and attraction of zero FBT associated with vehicles of this class. Some of the utes could easily be switched over to electric vehicles already available in the Tasmanian market, yet the FBT cost of approximately 20% of the vehicles purchase price, estimated at \$24,000 (similar to the upfront capital cost of a ute at \$27,000) over a 3-year vehicle term, delivers a significant cost disparity.

The challenge a council such as Brighton faces with a smaller fleet is that FBT is not such a disincentive for manager level full private use vehicles, however, there aren't many of vehicles in this category. Other barriers work against the selection of full electric vehicles; the vehicles may not come up for replacement for several years, manager preferences or status issues prevent adoption or there are general staff misconceptions regarding electric vehicle technical capability.

The Federal Government has made clear its commitment to work closely with the states and territories to address barriers to low emission vehicle uptake in the relevant jurisdictions as part of the 09/11/2021 Future Fuels Media Release.

We recognise local governments play a key role enacting opportunities to reduce greenhouse gas emissions and leading by example, and we are committed to doing our part, working in partnership with all levels of government towards the achievement of net zero emission target by 2050 Australia-wide.

We look forward to hearing from your office.

Yours faithfully,

Leigh Gray
MAYOR

LGAT Submission -Meeting March 2022

Decision Sought

That LGAT lobby the State Government to investigate a legislative mechanism enabling state-wide, publicly available dilapidated, derelict and abandoned buildings registers and to charge levies in respect to those properties.

Background

Most councillors field complaints about the state of certain buildings that have been in disrepair for years, That could be partially completed building or unused commercial properties. Dereliction can bring down the amenity of residential or commercial precinct, feeling of safety, dampen economic activity, discourage surrounding property owners from improving their on premises

Most Vandalism is done to the properties but letting a property fall into dilapidation is an act vandalism done by the property owners.

Council often has very limited if any scope to intervene, which is frustration as councillor and resident alike.

A register of derelict, dilapidated and abandoned buildings is not something most property owners would want to be listed on. It would help councils monitor dereliction across their municipality. A levy is also a tangible incentive to repair property or dispose of it, often very simple steps might be able to make a difference eg ply wood with artwork, it could stimulate alternative uses for a site until a development is commenced. Anyone who has been to Christchurch New Zealand has seen that sites can be cheaply and quickly repurposed possibly with food trucks on an empty service station site.

This motion was inspired by the way dereliction is dealt with in Ireland

The Derelict Sites Act 1990 (republic of Ireland) defines a derelict site as any land that "detracts, or is likely to detract, to a material degree from the amenity, character or appearance of land in the neighbourhood of the land in question because of:

- ...structures which are in a ruinous, derelict or dangerous condition, or
- the neglected, unsightly or objectionable condition of the land or of structures on the land in question, or
- the presence, deposit or collection of litter, rubbish, debris or waste..."

Kingborough Council

Ordinary Council Meeting Agenda No. 2

7 February 2022

14.3 FIRE BUNKERS

The following Notice of Motion was submitted by **Cr Glade-Wright**

RECOMMENDATION

That Council take the following motion to the next General Meeting of LGAT :

That LGAT lobby the State Government and Tasfire Service to investigate the accreditation of fire bunkers and other structures legalised in other Australian states for use in Tasmania.

Background

Kingborough is considered one of the most bushfire prone municipalities in Tasmania and currently fire bunkers are not able to be legally accredited. Many members of the community reside along narrow, tree lined no- through roads. As fire events become more extreme, fire bunkers may be, in some instances, the only safe protection.

17.2.4 Southern Central Sub-Region (SCS) – KPMG Report – ‘SCS Infrastructure Planning’

AUTHOR: GENERAL MANAGER (TIM KIRKWOOD)

DATE: 17 FEBRUARY 2022

Enclosure(s):

KPMG Report – SCS Infrastructure Planning

ISSUE

Council to review and endorse the final draft of the KPMG ‘SCS Infrastructure Planning’ Report.

BACKGROUND

Council, at its meeting held in July 2021, approved the engagement of KPMG to prepare an ‘Economic Infrastructure Development Study’ for the Southern Central Sub-Region (SCS).

Council committed an amount of \$10,000 in funding towards it as a 25 per cent contribution in partnership with the three other councils within the Southern Central Sub-region.

DETAIL

KPMG has prepared the attached final draft which has been developed in consultation with the sub-region’s representatives.

This purpose of this Study is to improve investment and economic outcomes within the SCS region. As evidenced in other regions, having such a document can assist and even lead to funding for major projects, such as state roads upgrades, school redevelopments, funding for GBE improvements and workforce planning investment.

Human Resources & Financial Implications – Council committed an amount of \$10,000 in funding towards it as a 25 per cent contribution in partnership with the three other councils within the Southern Central Sub-region.

Note: The 2021/22 Operating Budget includes an allocation of \$3,000 for Sub-Regional Activities. At the time of approval, Council acknowledged that the additional \$7,000 would be allocated to the same Budget and recognised as an additional commitment which will need to be financed from other ‘Operating Budget’ Activities which was not considered a major impediment.

Community Consultation & Public Relations Implications – KPMG consulted with a wide range of industry representatives and other service providers during the course of the project.

Policy Implications – N/A

Priority - Implementation Time Frame – Immediate.

RECOMMENDATION

THAT Council:

- a) Receive a copy of the draft report; and**
- b) Subject to feedback (and any proposed amendments), Council endorse the Report entitled ‘SCS – Infrastructure Planning’.**

17.3 Finances

Strategic Plan Reference 5.3

Community's finances will be managed responsibly to enhance the wellbeing of residents / Council will maintain community wealth to ensure that the wealth enjoyed by today's generation may also be enjoyed by tomorrow's generation / Council's financial position will be robust enough to recover from unanticipated events, and absorb the volatility inherent in revenues and expenses.

17.3.1 Monthly Financial Statement (period ending 31 January 2022)

AUTHOR: FINANCE OFFICER (MANDY BURBURY)

DATE: 9 FEBRUARY 2022

ISSUE

Provide the Financial Report for the period ending 31st January 2022.

BACKGROUND

The format of the Operating Expenditure Report has been amended to include a Year To Date (YTD) Budget Column, with variations (and percentage) based on YTD Budgets – as opposed to total annual Budget.

Note: Depreciation is calculated on an annual basis at the end of the financial year, therefore the budget and expense for depreciation are included in the June period.

DETAIL

The enclosed Report incorporates the following: -

- Statement of Comprehensive Income – 1 July 2021 to 31 January 2022.
- Operating Expenditure Report – 1 July 2021 to 31 January 2022.
- Capital Expenditure Report – 1 July 2021 to 31 January 2022.
- Cash Flow Statement – 1 July 2021 to to 31 January 2022.
- Rates & Charges – as at 15 February 2021.

OPERATING EXPENDITURE (OPERATING BUDGET)

Overall operating expenditure to end of January was \$4,267,583, which represents 82.4% of the Year to Date Budget.

Whilst there is one variation within the individual Program Budgets (refer following comment), expenditure is consistent with the Budget.

Strategic Theme - Infrastructure

Nil.

Strategic Theme – Growth

Sub-Program – Business - expenditure to date (\$165,933 – 145.57%). Additional expenditure relates to private works. The additional expense will be offset by an increase in private works income.
