Dear Sir/Madam

NOTICE OF MEETING

Notice is hereby given that the next ordinary meeting of Council will be held on

Date: Wednesday, 23rd September 2026

Time: 10.00 a.m.

Venue: Kempton Municipal Offices, 85 Main Street, Kempton

The Local Government Act 1993 section 65 provides the following:

- 1. A general manager must ensure that any advice, information or recommendation given to the council or a council committee is given by a person who has the qualifications or experience necessary to give such advice, information or recommendation.*
- 2. A council or council committee is not to decide on any matter which requires the advice of a qualified person without considering such advice unless –*
 - (a) the general manager certifies, in writing –*
 - (i) that such advice was obtained; and*
 - (ii) that the general manager took the advice into account in providing general advice to the council or council committee; and*
 - (b) a copy of that advice or, if the advice was given orally, a written transcript or summary of that advice is provided to the council or council committee with the general manager's certificate.*

I therefore certify that with respect to all advice, information or recommendation provided to the Council in or with this Agenda:

- (1) The advice, information or recommendation is given by a person who has the qualifications or experience necessary to give such advice, information or recommendation; and*
- (2) Where any advice is directly given by a person who does not have the required qualification or experience, that person has obtained and taken into account in that person's general advice, the advice from an appropriately qualified or experienced person.*

Yours faithfully

A handwritten signature in black ink, appearing to read 'Tim Kirkwood', written over a faint circular stamp.

Tim Kirkwood
GENERAL MANAGER

OPEN COUNCIL AGENDA

In accordance with Regulation 8 of the *Local Government (Meeting Procedures) Regulations 2025*, Mayor Batt is to advise all attendees that:

- a) this meeting is being recorded;
- b) all persons attending the meeting are to be respectful of, and considerate towards, other persons attending the meeting; and
- c) language and conduct at the meeting that could be perceived as offensive, defamatory or threatening to a person attending the meeting, or listening to the recording, is not acceptable.

1. PRAYERS

Reverend Dennis Cousens to recite prayers.

2. ACKNOWLEDGEMENT OF COUNTRY

We acknowledge the Traditional Custodians of the land on which we meet today, and recognise their continuing connection to the land, water and to community. We pay respects to Elders past and present.

3. ATTENDANCE

4. APOLOGIES

5. MINUTES

5.1 Ordinary Council Meeting

The Minutes (Open Council Minutes) of the previous meeting of Council held on 26 August 2026, as circulated, are submitted for confirmation.

RECOMMENDATION

THAT the Minutes (Open Council Minutes) of the Council Meeting held 26 August 2026 be confirmed with the following amendment:

Item 16.1.1 – Southern Midlands Council – Community Small Grants Program 2026

Based on the recommendations from the Facilities & Recreation Committee, the recommended grants for approval should have included a grant of \$2,500 to the Oatlands Community Association for the installation of new carpet in the conference room.

The supporting working papers provided by the Committee include this recommended grant allocation, however it was omitted in error from the recommendation provided to Council and the subsequent decision.

The decision should therefore be amended to include a grant allocation of \$2,500 payable to the Oatlands Community Association for the installation of new carpet in the conference room.

AMENDED DECISION

DECISION

Moved by Deputy Mayor K Dudgeon, seconded by Cllr A E Bisdee OAM

THAT based on the recommendations from the Facilities & Recreation Committee, the financial allocations for the Southern Midlands Council Community Small Grants Program 2026 be awarded in scored priority to the following organisations be approved.

Bagdad Cricket Club Inc	
For New Cricket Wicket at Bagdad	\$ 3,000.00
Campania Football Club Inc.	
Storage Room Security & Upgrades	\$2,000.00

Nil.

6. NOTIFICATION OF COUNCIL WORKSHOPS

In accordance with the requirements of the *Local Government (Meeting Procedures) Regulations 2025*, the Agenda is to include details of any Council workshop held since the last meeting.

One workshop has been held since the last Ordinary Meeting.

A workshop was held on the 14 September 2026 at the Council Chambers, Oatlands commencing at 9.30 a.m.

Attendance: Mayor E Batt, Deputy Mayor K Dudgeon, Cllrs A E Bisdee OAM, D Blackwell and D Fish.

Also in Attendance: A Benson, D Richardson and J Crosswell, W Young, G Finn, B Conde, N Wilson

Apologies: T Kirkwood, Cllrs B Campbell and F Miller.

The Workshop focussed on the following items for consideration and discussion:

1. Caretaker Period for Councillors

Councillors were reminded that the 'Election Caretaker Policy' has now come into effect. Council is required to be mindful of the provisions of the Policy that apply during the Caretaker period. The Caretaker Period will remain in effect through to the close of polls. Councillors are encouraged to familiarise themselves with the Policy and ensure that its requirements are observed during this period.

2. Planning Compliance Matter – Oatlands

Manager Development & Environmental Services (Grant Finn) and Senior Planning Officer (Bernadette Conde) attended the workshop to brief Council on issues relating to a property at Oatlands and the possible breach of the planning permit.

Council officers continue to work with the owner of the property to facilitate a potential outcome.

3. Works Program – Issue for Discussion

Director Assets (David Richardson) provided comment in relation to the following matters:

- a) Huntington Tier Road – removal of significant trees. A report has been received from Scott Rollins Tree Risk Assessment Services which has inspected two veteran Eucalyptus trees in Huntington Tier Road, Dysart. The report shows these trees are in declining condition and for the safety of residents and road users should be removed. Consultation will be arranged for nearby residents.
- b) High Street, Oatlands – proposal to advance Streetscape Plan. Footpath design has been raised as an ongoing issue in Oatlands, particularly due to safety concerns with uneven pavement causing tripping hazards. Differing opinions on materials to use for

new pavement but a popular suggestion is to replicate what was used in recent upgrades to Campbell Street, Oatlands.

- c) Main Street, Kempton – Footpath Renewal. Discussion regarding northern entrance to Kempton and proposed upgrades.
- d) Wellington Street, Oatlands – Car Parking issue in the vicinity of Oatlands District High School where concerns have been raised regarding safety in Wellington Street and the amount of vehicles in the area during peak times. Discussions with Todd Williams from the Department for Education, Children and Young People and School Principal Denise Bryant who agree a separate staff car park is required which will free up parking for parents in drop off and pick up zones.

4. Service Tasmania – Change Proposal

Advice received from the Acting Director of Service Tasmania, Community and Government Services, indicates that the State Government will be initiating a community consultation process regarding proposed changes to the Service Tasmania operation (shopfront) at Oatlands. The Manager Administration & ICT Services (Nick Wilson) attended the workshop and advised council that the planned changes include reducing the hours of Service Tasmania in Oatlands from 25 to 20 hours per week. A decision to be made whether to reduce daily hours to 4 hours a day, 5 days a week, or 4 hours a day 5 days a week.

An online survey being shared on social media requesting feedback on potential changes and it is expected that further information regarding the proposed changes and consultation process will be announced early next week.

5. Oatlands District High School – Prep / Grade 1 Visit

Students from Oatlands District High School attended the workshop to discuss waste and recycling. Students asked various questions and played games that encouraged them to think about what items go to landfill and what can be recycled.

6. Local Government Amendment (Targeted Reform) Act 2026

Following the Act's recent passage by the Tasmanian Parliament, a number of provisions commenced on 1 September by proclamation by the Governor. Whilst a number of the amendments just provided a head of power, with further Orders relating to implementation will follow in 2027, the following have an immediate effect:

- Expanding the circumstances in which a performance improvement direction may be recommended to include a failure to comply with statutory requirements – no need to take any action at present (to brief new Council)
- Provisions for the appointment of temporary advisors - no need to take any action at present (to brief new Council)
- Remote Meetings – refer amendment section of the Act
- Councillor allowances and number reforms – in terms of Councillor numbers, no change for SMC, but the new allowances will take affect from 1 November 2026

7. October Ordinary Council Meeting – Possible change of date

Due to the Local Government Election polling period closing Tuesday 27 October 2026, it was decided to change the Council meeting (scheduled for the 28 October 2026) and move it a week earlier to 21 October 2026.

The main issue in changing the date would be ensuring the public are aware of the changes but this can be rectified by publication in the Mercury and Southern Midlands Regional News (and also on social media).

The workshop concluded at approximately 11.50 a.m.

RECOMMENDATION

THAT the information be received.

7. COUNCILLORS – QUESTION TIME

7.1 Questions (On Notice)

Regulation 30 of the *Local Government (Meeting Procedures) Regulations 2025* relates to Questions on notice. It states:

- (1) A councillor, at least 7 days before an ordinary council meeting or a council committee meeting, may give written notice to the general manager of a question in respect of which the councillor seeks an answer at that meeting.*
- (2) An answer to a question on notice must be in writing.*

Nil.

7.2 Questions Without Notice

Section 29 of the *Local Government (Meeting Procedures) Regulations 2025* relates to Questions without notice.

It states:

“29. Questions without notice

(1) A councillor at a meeting may ask a question without notice –

- (a) of the chairperson; or*
- (b) through the chairperson, of –*
 - (i) another councillor; or*
 - (ii) the general manager.*

(2) In putting a question without notice at a meeting, a councillor must not –

- (a) offer an argument or opinion; or*
- (b) draw any inferences or make any imputations – except so far as may be necessary to explain the question.*

(3) The chairperson of a meeting must not permit any debate of a question without notice or its answer.

(4) The chairperson, councillor or general manager who is asked a question without notice at a meeting may decline to answer the question.

(5) The chairperson of a meeting may refuse to accept a question without notice if it does not relate to the activities of the council.

(6) Questions without notice, and any answers to those questions, are not required to be recorded in the minutes of the meeting.

(7) The chairperson of a meeting may require a councillor to put a question without notice in writing.

An opportunity is provided for Councillors to ask questions relating to Council business, previous Agenda items or issues of a general nature.

8. DECLARATIONS OF PECUNIARY INTEREST

In accordance with the requirements of Part 2 Regulation 8 of the *Local Government (Meeting Procedures) Regulations 2025*, the chairman of a meeting is to request Councillors to indicate whether they have, or are likely to have, a pecuniary interest in any item on the Agenda.

Accordingly, Councillors are requested to advise of a pecuniary interest they may have in respect to any matter on the agenda, or any supplementary item to the agenda, which Council has resolved to deal with, in accordance with Part 2 Regulation 8 (6) of the *Local Government (Meeting Procedures) Regulations 2025*.

9. CONSIDERATION OF SUPPLEMENTARY ITEMS TO THE AGENDA

In accordance with the requirements of Part 2 Regulation 8 (6) of the *Local Government (Meeting Procedures) Regulations 2025*, the Council, by absolute majority may decide at an ordinary meeting to deal with a matter that is not on the agenda if the General Manager has reported –

- (a) the reason it was not possible to include the matter on the agenda; and
- (b) that the matter is urgent; and
- (c) that advice has been provided under section 65 of the Act.

RECOMMENDATION

THAT: Council resolve by absolute majority to deal with any supplementary items not appearing on the agenda, as reported by the General Manager in accordance with the provisions of the *Local Government (Meeting Procedures) Regulations 2025*.

DECISION		
Councillor	Vote FOR	Vote AGAINST
Mayor E Batt		
Deputy Mayor K Dudgeon

10. PUBLIC QUESTION TIME (SCHEDULED FOR 10.30 A.M.)

In accordance with the requirements of Part 2 Division 4 of the *Local Government (Meeting Procedures) Regulations 2025*, the agenda is to make provision for public question time.

In particular, Regulations 36, 37 and 38 of the *Local Government (Meeting Procedures) Regulations 2025* provide the following:

36. Questions by member of the public

- (1) The chairperson of an ordinary council meeting must ensure that, if required, at least 15 minutes of that meeting is made available for questions by members of the public.*
- (2) A question asked by a member of the public under regulation 37 or 38, and the answer given to that question, is not to be debated at the ordinary council meeting.*
- (3) A council is to determine any other procedures to be followed in respect of public question time at an ordinary council meeting.*

37. Questions without notice by member of the public

- (1) A member of the public may, on invitation by the chairperson of an ordinary council meeting, ask a question without notice at the meeting.*
- (2) A public question without notice must relate to the activities of the council.*
- (3) The chairperson of an ordinary council meeting may require a public question without notice to be –*
 - (a) put on notice in writing; and*
 - (b) answered at a later ordinary council meeting.*

38. Questions on notice by member of the public

- (1) A member of the public may, at least 7 days before an ordinary council meeting, give written notice to the general manager of a question to which the member of the public seeks an answer at the meeting.*
- (2) A public question on notice must relate to the activities of the council.*
- (3) The chairperson of an ordinary council meeting may address a public question on notice.*
- (4) The period referred to in subregulation (1) includes Saturdays, Sundays and statutory holidays, but does not include –*
 - (a) the day on which notice is given under that subregulation; or*
 - (b) the day of the ordinary council meeting.*

Councillors are advised that at the time of issuing the Agenda, no questions on notice had been received from the public.

Mayor E Batt to invite questions from members of the public in attendance.

1.1.1 Maintenance and improvement of the standard and safety of roads in the municipal area.

13.1.1 Oatlands District High School Parking (Wellington Street, Oatlands)

Author: DIRECTOR ASSETS (DAVID RICHARDSON)

Date: 20 SEPTEMBER 2026

ISSUE

Council has received a number of complaints and concerns from the Oatlands community regarding traffic congestion in Wellington Street, Oatlands, particularly during weekday school pick-up and drop-off times.

Similar concerns have also been raised by local school bus operators, who have reported difficulties navigating Wellington Street during these peak periods.

The purpose of this report is to seek Council's support for a contribution of approximately \$12,000 towards the construction of a dedicated staff car park at Oatlands School.

The proposed project represents a partnership between Council and the Tasmanian Department of Education to improve parking arrangements associated with the school and reduce the impact of congestion on Wellington Street during pick up and drop off times.

DETAIL

Oatlands School is located in an area where available off-street parking is limited. As a result, school staff currently utilise roadside parking along Wellington Street.

The concentration of staff vehicles along the roadside, particularly during school drop-off and pick-up periods, contributes to congestion and can create difficulties for the movement of vehicles and pedestrians in the area.

The Department of Education and council has identified an opportunity to construct a dedicated staff car park at the school to provide additional off-street parking.

The Department has committed approximately \$32,000 towards the project and has requested Council's consideration of a contribution of approximately \$12,000 to undertake the site works and supply appropriate gravel material to assist with the construction costs.

The benefits of this proposal have the potential to save Council from having to undertake further engineering solutions to address the existing parking issues along Wellington Street. This could avoid the need to install additional off-street parking bays and construct new kerb and guttering throughout Wellington Street.

The project would provide dedicated off-street parking for school staff, allowing staff vehicles to be removed from Wellington Street.

The proposed funding arrangement is:

Contributor	Approximate Contribution
Tasmanian Department of Education	\$32,000
Council	\$12,000
Total Project Funding	\$44,000

The final scope and cost of the works would be confirmed between Council and the Department of Education prior to commencement.

Human Resources & Financial Implications –

\$12,000 be allocated to Capital Works Funding

Community Consultation & Public Relations Implications

Council officers and the education department have met on site and agreed on the proposal.

Policy Implications – N/A

Priority - Implementation Time Frame – October-November 2026

RECOMMENDATION

THAT Council:

- 1. Supports a contribution of approximately \$12,000 towards the construction of a dedicated staff car park at Oatlands School.**
- 2. Notes that the Tasmanian Department of Education is contributing approximately \$32,000 towards the project.**
- 3. Authorises councils Director Assets, to finalise arrangements with the Department of Education regarding the Council contribution and delivery of the works.**
- 4. Notes that the proposed car park will provide dedicated off-street parking for school staff, reducing the number of staff vehicles parking along the Wellington Street roadside and assisting to alleviate traffic congestion and improve road safety in the vicinity of Oatlands School.**

13.10 Officer Reports – Assets

13.10.1 Assets Report

Author: DIRECTOR OF ASSETS (DAVID RICHARDSON)

Date: 20 SEPTEMBER 2026

This report outlines the current and upcoming works across the municipality. It provides an overview of ongoing projects, scheduled maintenance, and capital works to improve infrastructure and community facilities.

Roads Program

1. **Maintenance Grading:** Ongoing maintenance grading works will continue throughout the municipality.
2. **Pothole Repairs:** Both sealed and unsealed roads are being addressed for pothole repairs as resources permit.
3. **Culvert Cleaning & Drainage Works:** Drainage and culvert cleaning activities are underway in various locations. These works will continue as weather conditions allow.
4. **Roads** Gravel re-sheeting works have been completed where required on various roads.
5. **Gravel** production has been completed at Stonehenge Quarry.

Current Capital Works

1. **Commenced road site preparation works** on road stabilization sites.
2. **Road re-sealing and Stabilisation** Tenders are currently advertised.
3. **Kempton Childcare facility:** Works have been completed.

Parks and Reserves

1. **Recreation Grounds, Parks & Playgrounds:** Regular maintenance continues on recreation grounds, parks, and playgrounds as required including top-dressing of ovals.
2. **Scheduled Playground Inspections:** Inspections are being carried out to ensure compliance with safety and quality standards.
3. **Lake Dulverton Walkway** (Oatlands to Parattah) has been re-sheeted and made safer for users.

Bridge Works

1. **Bridge Maintenance:** Minor works on several bridges are currently in progress and will continue as required. Scope of works specifications are currently being prepared for reconstruction works on 2 bridges.

Building Services Unit

1. **Council Building Maintenance:** Ongoing maintenance works have been carried out on various council buildings and will continue.
2. **Ceiling Repair at Roche Hall:** Repair works are in progress and will continue as resources allow.
3. **Kempton Childcare facility:** Works have been completed.
4. **Works on Gay Street Hall Oatlands** kitchen and flooring renovations have been completed.

Planned Works

1. **Road Maintenance:**
 - Drainage and pavement repairs on various roads.
 - Edge break repairs across various roads.
 - Guidepost and signage replacement will continue as resources allow.
2. **Bridge Maintenance:** Ongoing and planned bridge maintenance repairs.
3. **Building Maintenance:** Continued maintenance on various council buildings.
4. **Road Re-Sheeting Works** will continue on roads that have been identified as requiring gravel.
5. **Signage instillation** to comply with a recent Tas-Rail audit is underway at level crossings throughout the municipality.
6. **Oatlands Aquatic Centre** Complete shower renovations.

Re-Allocation of Footpath Funding Kempton Main Road:

Council has received enquiries regarding the missing section of footpath, which is currently gravel, at the northern end of Kempton where the recently completed Mood Food walkway commences at Burnett Street.

The Director Assets proposes to utilise a portion of the funding allocated in the 2026/27 Capital Works Budget to widen the existing concrete paths at the southern end of Main Road, Kempton. This funding would enable the missing section of footpath to be infilled, providing a continuous pedestrian connection through Kempton and improving accessibility and pedestrian safety.

Kempton proposed footpath upgrade area

15.1.1 Heritage Project Program Report

Author: MANAGER HERITAGE PROJECTS AND SERVICES (BRAD WILLIAMS)

Date: 16 SEPTEMBER 2026

During the past month, Southern Midlands Council Heritage Projects have included:

- Planning and execution of the History of Colour Symposium, with all seats sold out and proceeds of \$1,400 donated to the MMPHC Auxilliary;
- Initial consultation with DUO Design for measured drawings of Eddington's Cottage Bagdad;
- Completion of interps panel for Sgt Lewis at Bagdad, to be installed soon;
- Ongoing engagement and participation with the Heritage Highway Tourism Association;
- Discussion with HHRTA re next history excursion, possibly Oatlands to Parattah;
- Ongoing management of AiRSpace and planning for Performing Artist in Residence (PRISM).

RECOMMENDATION

THAT the Heritage Projects Program Report be received and the information noted.

15.2.1 NRM Unit – General Report

Author: NRM UNIT MANAGER (MARIA WEEDING)

Date: 15 SEPTEMBER 2026

DETAIL

- Lake Dulverton – At the August Council meeting Council endorsed the recommendation to cease adding supplementary water to the 51 Hectare area of the Lake, thereby allowing this area to go through a natural dry cycle. This result of this will benefit the Lake environment as a method of managing the *Myriophyllum salsugnum* (water milfoil plant). This is the plant that is now dominating this area of Lake water area and causing water quality issues in this section (the larger area beside the town). Two community drop in information sessions were held (Monday 31st August, 3.30 – 7.30 p.m and Monday 7 September – 3.30-5.30 p.m.). There was around 20 members of the public attended to gain a better understanding of the Lake and the background behind the course of action. Parks & Wildlife and Inland Fisheries representatives were present to assist with queries for the August session. The water area beside High Street (2.2Ha area) will be retained, with water continuing to be added from supplementary sources.
- Kempton Recreation Ground – As previously mentioned, the playground will be moved to be at a site closer to the toilet block and the other recreation items that exist within that vicinity. Following a meeting on site, an overall plan is now being drafted by a recreation area and playground design specialist, to ensure that the new playground will integrate with other proposed elements such as seating, shelter, future play items area, future BBQ area, linkage paths etc.
- Helen, Mary and Maria, along with some other members of staff undertook and passed a Short Term Low Impact Traffic Management Course. This qualification is required for the NRM Unit staff as a person who is working on a roadside verge on a number of occasions.
- Helen is continuing assisting the Works Department in developing policies and procedures in relation to Workplace Health and Safety.
- Maria spent time compiling a report for a section of the 2025/2026 Southern Midlands Council Annual Report document.

Weeds Officer Report, Mary Smyth

17th August – 14th September 2026

Enquiries/feedback

Whilst out on a dusk walk around the block at home, I ran in to a local landowner chatting with my neighbour. This particular landowner was one of two that I had reached out to months ago seeking permission to release the boxthorn biocontrol agent on their land. It was interesting to hear that he wasn't keen to take up the offer because boxthorn acts as a good shelter plant for his livestock. I explained that the rust fungus would not eradicate

boxthorn, only suppress seed production. I also explained that it's taken over 10 years of research to get to this stage, most of which is undertaken to prove that the bio-control agent will only survive on boxthorn and not anything else. I have a couple of other sites earmarked for rust fungus release in Tunbridge...

On another location, out at Levendale, Helen and I met the new owners of the old Levendale Primary School. They had received information about Spanish heath being on their land, but suggested that it would be worth also including a photo or two of declared weeds to aid identification (they came from interstate and were completely unaware of Spanish heath). An excellent idea which I will explore this month.

Had a phone call from a resident who recognised the many clumps of light green seedlings coming up on the edges of the Midlands Highway as medicinal opium poppy plants. I had also noticed the seedlings but was waiting for them to flower before attempting accurate identification. I managed to find a couple of more mature plants, take some photos, and report everything to the Regulated Crops section of Natural Resources and Environment. They were prompt in their reply, they know about the plants, and control has begun. I relayed all this back to the original caller and thanked her for getting in touch.

Site visits

Spanish heath observation and mapping field work continues when possible. Three more small roadside patches on Woodsdale Road were found last time. Isolated Great mullein plants are dug out when found.

Attended the inaugural native seedling planting bee at a property near Oatlands on 4th September. I instructed the owners, a group of students from Cressy Area School, and other adults in attendance on the nuances of planting tubestock locally. Around 200 plants were put in the ground, watered and tree guarded.

Called in to Dysart tip to do a circuit of the verges along the roads to eradicate thistles, mullein, hemlock and Patterson's curse. Interestingly, there was no PC on the spot where I've found it previously (on the sloping verge on the inside of the "off" road) but there were 3 separate small patches on the verge near the drum muster area.

A rare calm day precipitated some targeted control of scotch thistles on the Lake Dulverton bunds. Nearly 2000 plants will not be maturing to produce seed, annoy visitors, or impede waterfowl.

Later that same day, I was finally able to complete the twitch control of the western row at the Pound in Oatlands. The next day I was able to come back to the Pound and water all the new seedlings in Rows 1, 3 and 4.

Whilst collecting weeds from various sites around the district for the Chauncy Vale stall on 12th September, I discovered a new-to-Southern-Midlands weed growing on a small patch of roadside near Andover Road: Field marigold (*Calendula arvensis*). This has not been recorded anywhere in central Tasmania, so it will be photographed, recorded, uploaded onto iNaturalist, and then exterminated!

Some maintenance work also carried out by the NRM team at the Kempton Rec Ground mounds: the last three seedling replacements were put in, all newer plants were weeded and watered inside their tree guards, and all newer plants were sprayed outside the tree guards to remove weed competition over summer. 27 small boxthorn seedlings were also removed.

Communication

I have received 3 small vials of the boxthorn biocontrol rust fungus from the CSIRO and this will be released at 3 separate locations in Oatlands and Tunbridge in late September. First draft of Weeds section of the Annual Report has been completed.

Article published in Southern Midlands Regional News on what it looks like at the very start of weeds establishing at various sites.

Submitted an illustrated article to the Ratepayers Newsletter on getting ahead with broad-leaf weed controls in the garden (and paddock).

Research

Heard about a new herbicide for woody weeds, Method 240SL. The active ingredient was one I had not heard of, but Method is the same class as our current woody weed herbicide, is more troublesome to use, and also kills grasses, so we won't be trying this one at the moment.

Weeds Action Fund (WAF) Stage 3 – stemless thistle

Some correspondence with Enviro-dynamics regarding changing the required public info session to more on-ground work instead. This has been approved!

Weeds Action Fund (WAF) – invasive perennial grasses: southern and eastern Tasmania

No activity this month.

Chauncy Vale weeds

Visited the area above Eve's Bath with Helen on the morning of the 18th August to control Slender thistle seedlings, but the seedlings were very small. Follow-up in a few weeks will mean the thistles are a good deal easier to spot.

Chauncy Vale 80th birthday celebrations Saturday 12th September

An invitation by the Committee to set up a stall all about Chauncy Vale weeds came to fruition between 12.30pm and 4.45pm on the day. The table housed a display of real weeds actually found at CV, and a group of potential CV weeds (ie. garden thug plants). Pamphlets, brochures and booklets lined the rear of the table, and the two weed displays were separated by a tray of Running postman tubestock plants, which I had grown myself and was happy to give away to interested members of the public. All in all, a lovely day with many interested folks visiting the stall.

337 certificate enquiries

3 properties processed this month.

Weed of the Week

A couple of busy weeks in the field saw the display pared back to weed booklets only. Blue periwinkle and tree lucerne were shown during the other weeks.

RECOMMENDATION

15.1.1 Tree Removal - Huntington Tier Road, Dysart

Author: DIRECTOR ASSETS (DAVID RICHARDSON)

Date: 20 SEPTEMBER 2026

Attachment(s):

Arborists tree assessment report

ISSUE

Council has received a request to undertake road investigation works along a section of Huntington Tier Road, Dysart, in response to concerns regarding road user safety.

The area of concern is located near two significant gum trees situated within the Huntington Tier Road corridor. The trees have been identified as a potential safety hazard for road users due to their location and the resulting restriction to sight distance for vehicles travelling along the road.

Council has received reports of near misses and minor motor vehicle collisions occurring in the vicinity of the trees, raising concerns regarding the ongoing safety of road users at this location.

To assist Council in determining appropriate options to improve road safety, a qualified arborist was engaged to undertake an assessment of the two trees. The arborist's assessment will inform Council's consideration of potential measures to address the identified sight-distance and road safety concerns, while also taking into account the significance and condition of the trees.

DETAIL

Trees T1 and T2 are located immediately opposite one another within the Huntington Tier Road corridor.

The trees have been assessed in the context of the road environment and the proposed road safety upgrade. The assessment has resulted in a recommendation for the removal of both trees. The site of the trees is very restrictive and does not allow for any potential road widening works within the existing road reservation.

In particular, removal of T2 is recommended within 12 months. Given that T1 is also recommended for removal and the trees are located directly opposite one another, concurrent removal provides an opportunity to address both recommendations through a single coordinated work operation.

The proposed approach will also facilitate the efficient coordination of arboriculture works and traffic management within the road corridor.

Human Resources & Financial Implications –

Estimated costs of the tree removal and associated road pavement works are \$15,000.

Community Consultation & Public Relations Implications – *No specific community consultation has been undertaken in relation to the proposed tree removal. The recommendation arises from the assessment of the trees in the context of road safety and the management of the road corridor if the proposed tree removal is approved officers will consult with the adjoining land owners.*

Policy Implications – N/A

Priority - Implementation Time Frame – within the next 3 Months

RECOMMENDATION

THAT Council:

- 1. Approve the removal of trees T1 and T2 at Huntington Tier Road; Or**
- 2. Do not approve the removal of trees T1 and T2 at Huntington Tier Road.**

15.6 Regulatory (Animals)

Strategic Plan Reference 3.6

3.6.1 Create an environment where animals are treated with respect and do not create a nuisance for the community

15.6.1 Animal Management Report

Author: ANIMAL MANAGEMENT OFFICER – RELIEF OFFICER (JO ROWLEY)

Date: 8 September 2026

Enclosure:

Animal Management Statement 2026

ISSUE

Consideration of the Animal Management/Compliance Officer's report for September 2026

The purpose of the report is twofold:

1. To inform both Council and the community of infringements issued by Council Officers in relation to Animal Management for the period September; and
2. Provide a brief summary of actions and duties undertaken by Council Officers in relation to animal management.
3. This in turn informs the community of the requirements and expectations of the Council to uphold and enforce relevant legislation. This too reinforces the importance of responsible ownership of animals.

All infringements detailed in this report were issued under the *Dog Control Act 2000*.

Resource Sharing

Southern Midlands Council currently provide Animal Management services to the Central Highlands Council through resource sharing arrangements. Jobs of note are itemised in the enclosed statement.

RECOMMENDATION:

THAT the Animal Management report be received and the information noted.

16.8.1 Southern Midlands Council – *Emergency Management Act 2006* - Nomination to the Position(s) of Municipal Emergency Management Coordinator and Deputy Municipal Emergency Management Coordinator

Author: GENRAL MANAGER (TIM KIRKWOOD)

Date: 16 SEPTEMBER 2026

ISSUE

Council to nominate person(s) to the positions of Municipal Emergency Management Coordinator and Deputy Municipal Emergency Management Coordinator under the *Emergency Management Act 2006*.

BACKGROUND

The position of Municipal Coordinator is currently held by the General Manager (Tim Kirkwood). This appointment was for a period of five (5) years and is due to expire on 28 October 2026.

The position of Deputy Municipal Coordinator is currently held by Council's Manager Community & Corporate Development. This appointment also expires on 28 October 2026.

DETAIL

Section 23 of the *Emergency Management Act 2006* provides the following:

“23. Municipal Emergency Management Coordinators and Deputies

- (1) The Minister is to appoint a Municipal Emergency Management Coordinator and a Deputy Municipal Emergency Management Coordinator for each municipal area.*
- (2) The Minister is to appoint as Municipal Emergency Management Coordinator, or Deputy Municipal Emergency Management Coordinator, for a municipal area a person nominated by the council in that municipal area.*
- (3) Each Municipal Coordinator and Deputy Municipal Coordinator may hold that office in conjunction with any other appointment, position or office.*
- (4) Each Municipal Coordinator and Deputy Municipal Coordinator holds office for the period, and on the terms and conditions, specified in his or her instrument of appointment.*
- (5) A Deputy Municipal Coordinator for a municipal area may act in the office of Municipal Coordinator if –*
 - (a) the Municipal Coordinator is absent from Tasmania or from duty as Municipal Coordinator; or*
 - (b) the Municipal Coordinator is otherwise unable to perform the functions of the office of Municipal Emergency Management Coordinator; or*
 - (c) the Municipal Coordinator has died, resigned or been removed from office and a new Municipal Coordinator has not been appointed.*
- (6) While the Deputy Municipal Coordinator is acting in the office of Municipal Emergency Management Coordinator, he or she is taken to be the Municipal Coordinator.*

(7) *The Minister, by written notice provided to a council, may require the council to nominate persons for the positions of Municipal Emergency Management Coordinator and Deputy Municipal Emergency Management Coordinator by providing that nomination to the Minister within the time specified in the notice.*

(8) *A council may only nominate a person for the position of Municipal Emergency Management Coordinator or Deputy Municipal Emergency Management Coordinator if the person, once appointed to the position, would have the authority and ability to make decisions relating to the coordination of emergency management in the municipal area during an emergency without first seeking the approval of the council.*

(9) *On receipt of the nomination, the State Controller is to provide the nomination, together with his or her recommendations, to the Minister.*

(10) *If a council fails to comply with a notice provided under subsection (7) , the Minister may appoint a person he or she considers suitable to be Municipal Emergency Management Coordinator or Deputy Municipal Emergency Management Coordinator for the municipal area.*

(11) *If a council fails to nominate a Municipal Coordinator or Deputy Municipal Coordinator, the Minister may appoint a person he or she considers suitable to be Municipal Emergency Management Coordinator or Deputy Municipal Emergency Management Coordinator for the municipal area governed by that council.”*

Human Resources & Financial Implications – Nil.

Community Consultation & Public Relations Implications – N/A.

Priority - Implementation Time Frame - Immediate.

RECOMMENDATION

THAT Council nominate:

- a) Tim Kirkwood (General Manager) as the Municipal Emergency Management Coordinator; and**
- b) Wendy Young (Manager Community & Corporate Development) as the Deputy Municipal Emergency Management Coordinator.**

16.8.2 Draft Tasmania Fire and Emergency Services Bill 2026

Author: GENRAL MANAGER (TIM KIRKWOOD)

Date: 16 SEPTEMBER 2026

Attachment(s):

Tasmania Fire and Emergency Services Bill Consultation 2026 – LGAT Preliminary Positions Paper

ISSUE

To seek Council's feedback on the draft Tasmania Fire and Emergency Services Bill 2026 for submission to the Local Government Association of Tasmania (LGAT), for consideration in LGAT's submission to the Tasmanian Government.

BACKGROUND

The development of this proposed legislation dates back many years. A Discussion Paper was released in 2018, followed by an Options Paper in 2021. The Options Paper considered the potential integration of the State Emergency Service (SES) and the Tasmania Fire Service (TFS), including the implications of various funding models.

In December 2023, the State Government released the draft Tasmania Fire and Emergency Services Bill 2023, which included a proposed funding model.

The Bill was not progressed at that time as the Government was unable to establish an appropriate funding formula.

The Tasmanian Government has now released the draft Tasmania Fire and Emergency Services Bill 2026 for consideration. LGAT is seeking feedback from councils to inform its submission to the Tasmanian Government.

Council is therefore invited to consider the draft Bill and identify any matters, particularly those relating to local government responsibilities, funding arrangements, governance, service delivery and potential financial or operational impacts that should be raised through LGAT's submission.

DETAIL

The Local Government Association of Tasmania (LGAT) has prepared a Preliminary Positions Paper in response to the *Tasmanian Fire and Emergency Services Bill 2026*.

The LGAT is seeking feedback from Councils before finalising its submission to the Tasmanian Government. The paper outlines the Association's position on a range of proposed reforms, including:

- Integration of the Tasmania Fire Service (TFS) and State Emergency Service (SES) into a single Tasmanian Fire and Emergency Services (TFES)
- Governance arrangements and the proposed State Fire and Emergency Services Commission
- Volunteer recognition and leadership arrangements

- SES funding and municipal responsibilities
- Fire and emergency services levy arrangements
- Disaster risk reduction, resilience, and climate adaptation
- Other issues with potential implications for local government

LGAT's positions are preliminary and based on local governments previous submissions relating to the proposed reform.

Prior to preparing its final response, the LGAT is seeking input, in particular:

- Positions, whether you agree, disagree with or strengthening is required
- Potential impacts on councils, municipal emergency management arrangements, SES volunteer units, governance, funding or compliance obligations that may not be adequately captured
- Whether we should advocate more strongly on any particular issues, particularly around local government involvement in decision making, disaster risk reduction, resilience or climate adaptation

The LAGT has requested feedback by 25 September 2026, noting the period for consultation actually closes on 9 October 2026.

The draft Bill was briefly considered at the Southern Midlands Emergency Management Committee Meeting held on 15 September and some of the following comments reflect the matters raised during that discussion.

General Position

In general, establishing the TFES in legislation to bring together the TFS and SES under one organisational banner, while maintaining their individual operational duties, roles and responsibilities is supported.

The integration of the two services has the potential to improve coordination and provide a more integrated approach to fire and emergency management across Tasmania. However, it is important that the establishment of the TFES does not result in additional unfunded responsibilities or financial burdens being transferred to local government.

Financial Arrangements:

Under the *Fire Services Act 1979* and the *Local Government Act 1993*, Council is required to collect the fire service contribution / levy imposed on property owners within their municipal area, subject to applicable exemptions.

Under the *Emergency Services Act 2006*, Councils are currently required to fund volunteer SES units.

The draft Bill brings SES volunteer units within the proposed TFES structure; however, it does not appear to materially change the existing responsibility of councils to fund SES units.

This differs from the reform approach proposed in 2023, under which the proposed TFES would have assumed responsibility for SES-related functions and services transitioning from local government.

Council considers that the financial responsibilities associated with the proposed TFES should be appropriately aligned with the State's responsibility for emergency services and should not result in additional or ongoing unfunded costs being imposed on local government.

Council's preferred position is that the TFES should be funded from State consolidated revenue, rather than through a property-based levy collected by councils.

If a property-based levy is retained, Council considers that its collection should be undertaken by the State Revenue Office, rather than by local government. This would remove the administrative burden from councils and more appropriately align responsibility for the revenue collection function with the State.

If local government is to retain responsibility for collecting the levy, the administrative commission payable to councils should be reviewed. Council considers that the current 4 per cent commission does not adequately reflect the actual cost incurred by councils in administering the levy and recommends that the commission be increased to 10 per cent.

LGAT should advocate for a transparent and sustainable funding model that clearly identifies the respective financial responsibilities of the State and local government and avoids the transfer of additional costs to councils without appropriate funding.

Property Exemptions:

The Fire Service Act 1979 currently identifies a number of categories of land that are exempt from the fire service levy, including land owned by councils.

Clause 73 of the draft Bill does not specify equivalent exemptions, with the matter instead proposed to be dealt with through regulations.

Council considers that this creates uncertainty and a potential financial risk for local government. In particular, there is a risk that council-owned land that is currently exempt from the levy could become liable for the levy under future regulations.

LGAT should advocate for the Bill itself to provide appropriate protection for existing exemptions, including an explicit exemption for land owned by councils, rather than leaving the matter entirely to subordinate legislation.

Any change to existing property exemptions should be subject to appropriate consultation with local government and consideration of the financial implications for councils.

Clause 40 – Directions to Councils in Respect of Municipal Areas

Clause 40 provides the Commission, or an authorised member, with a broad power to direct a council, by written notice, to undertake specified actions in respect of land within its municipal area.

This provision does not appear to have an equivalent in the Fire Service Act 1979 and represents a significant expansion of the potential obligations imposed on local government.

Of particular concern is that the power is not limited to land owned, occupied or controlled by the council. A direction may relate to any land within the municipal area, including privately owned land or land over which Council has no ownership or operational control.

Under clause 40(3), a council receiving a direction is required to act under the Local Government Act 1993 as if the matter were a nuisance. If Council fails to comply, clause 40(4) allows the Commission to authorise TFES members to enter the land and undertake the required works, with the reasonable costs then recoverable from Council as a debt.

This creates a potentially significant financial and operational exposure for councils. Council could be required to undertake, or ultimately pay for, works on land that it does not own, occupy or control and in circumstances where Council has not otherwise determined that the works are necessary or appropriate.

The provision also has the potential to undermine the existing allocation of responsibility between landowners, local government and the State in relation to emergency management, land management and risk mitigation.

Council considers that clause 40 should be substantially amended to:

- Limit directions to matters within the lawful responsibility, functions and powers of the council.
- Ensure that Council is not required to undertake or fund works on privately owned land unless there is a clear statutory basis for the council to do so and appropriate funding is provided.
- Require consultation with the affected council before a direction is issued, except where immediate action is necessary to address an imminent risk to life or property.
- Provide a clear mechanism for councils to review or challenge a direction.
- Ensure that where the State considers works are necessary on land that Council does not own or control, responsibility for undertaking and funding those works rests with the appropriate landowner or the State, rather than automatically transferring to Council.
- Provide that any direction imposing a new or additional financial obligation on a council must be accompanied by appropriate funding.

LGAT should advocate strongly for these amendments to ensure that clause 40 does not create an open-ended obligation for councils to undertake or fund emergency management works outside their existing functions and responsibilities.

Clause 55 – Municipal Volunteer TFES Divisions

Clause 55 also raises significant concerns regarding the potential financial and operational obligations imposed on councils.

The clause allows the FES Commissioner to require a council to establish and maintain municipal volunteer TFES Divisions. While subsection 55(1) refers to the council considering

what divisions are necessary after consultation with the FES Commissioner, subsection 55(2) separately provides that the FES Commissioner may establish a TFES Division on the Commissioner's own initiative or at the request of a council.

Under clause 55(3), unless otherwise agreed with the Commission, Council is required to provide for the storage and maintenance of equipment and other facilities and resources necessary for municipal volunteer TFES Divisions, including accommodation for training.

Clause 55(5) further enables the FES Commissioner to specify standards for the storage and maintenance of equipment and to inspect divisions, assets and equipment and issue recommendations and guidelines to councils.

Taken together, these provisions appear capable of creating a situation where:

1. A municipal volunteer TFES Division can be established without the council having requested or agreed to its establishment.
2. The FES Commissioner can determine standards and requirements applying to the division and its facilities.
3. Council can then be required to provide and maintain the facilities, equipment and resources necessary for the division.
4. Council may consequently incur ongoing capital and operational expenditure in meeting requirements that it did not initiate or agree to.

This creates a significant concern regarding the appropriate allocation of responsibility and funding between the State and local government.

The legislation should not permit the State to determine that a council is required to establish or support a TFES Division and then effectively require the council to fund the resulting infrastructure, equipment, facilities and maintenance costs.

Council considers that clause 55 should be amended so that the establishment of a municipal volunteer TFES Division, and any associated obligation for Council to provide facilities, equipment or other resources, occurs only to the extent agreed to by the council. At a minimum, where the FES Commissioner considers that a municipal volunteer TFES Division is required but Council does not agree to establish or support the division, the State should retain responsibility for establishing, resourcing and funding that division.

Council also considers that any standards or requirements imposed by the FES Commissioner that have financial implications for councils should be subject to agreement with the relevant council and accompanied by appropriate State funding.

Council recommends that LGAT advocate for amendments to clauses 40 and 55 to ensure that the Bill does not create additional or unfunded obligations for local government. In particular:

Human Resources & Financial Implications – Refer comment above.

Community Consultation & Public Relations Implications – To be considered.

Priority - Implementation Time Frame – Feedback is to be provided to the Local Government Association by 25 September 2026.

RECOMMENDATION

THAT Council provide feedback to the Local Government Association of Tasmania consistent with the comments outlined in this report in relation to the draft Tasmania Fire and Emergency Services Bill 2026.

17.2 Sustainability

Strategic Plan Reference 5.2

- 5.2.1 Retain corporate and operational knowledge within Council
- 5.2.2 Provide a safe and healthy working environment
- 5.2.3 Ensure that staff and elected members have the training and skills they need to undertake their roles
- 5.2.4 Increase the cost effectiveness of Council operations through resource sharing with other organisations
- 5.2.5 Continue to maintain and improve the level of statutory compliance of Council operations
- 5.2.6 Ensure that suitably qualified and sufficient staff are available to meet the Communities need
- 5.2.7 Work co-operatively with State and Regional organisations
- 5.2.8 Minimise Councils exposure to risk
- 5.2.9 Ensure that exceptional customer service continues to be a hallmark of Southern Midlands Council

17.2.1 Tabling of Documents

Lake Dulverton – Public Information Sessions

Enclosure(s):

Lake Dulverton Public Information Session Flyer
Dulverton Anglers – Letter of Support

A copy of the flyer promoting the public information sessions is included as an enclosure to provide the background detail.

Following the conduct of these sessions, the Dulverton Anglers, a key stakeholder group, has provided a letter of support for the actions being taken by Council.

The Anglers were advised that a copy of this letter would be circulated and tabled at this Council Meeting.

RECOMMENDATION

THAT the information be received.

ENCLOSURE
Agenda Item 17.2.1

The poster features a background image of Lake Dulverton with a blue sky and distant hills. A large blue circle in the top right corner contains the text 'PUBLIC INFORMATION SESSIONS' in white and yellow. The main title 'LAKE DULVERTON – WATER CHANGES' is in large, bold, white and blue letters. A yellow sticky note with a blue pushpin is pinned to the left side, containing the dates and times for the sessions. Below the sticky note, there are three sections: 'WHAT IS HAPPENING AT LAKE DULVERTON?' with a water drop icon, 'WHAT IS NEXT?' with a plant icon, and 'WHY IS THIS IMPORTANT?' with a bird icon. A yellow box on the right contains information about the sessions being drop-in. At the bottom, a teal banner says 'We welcome the community to come along.' and a circular inset shows a black swan in the water.

LAKE DULVERTON – WATER CHANGES

PUBLIC INFORMATION SESSIONS

**Monday
31 August 2026
3.30 pm – 7.30 pm**
or
**Monday
7 September 2026
3.00 pm – 5.00 pm**

Where - Council Chambers, Oatlands

WHAT IS HAPPENING AT LAKE DULVERTON?

A floating underwater plant known as Water Milfoil (*Myriophyllum salsugineum*) is becoming increasingly dominant in one section of Lake Dulverton.

The thick growth is affecting water quality, particularly during the warmer summer months. It is also creating challenges for the Lake's birdlife and fish and is smothering Water Ribbon (*Cycnogeton procerum*) — an important wetland plant that supports birdlife around the lake.

WHAT IS NEXT?

To help control the Water Milfoil, the supplementary water to a section of the Lake will be stopped for a period of time.

This will allow the wetland to respond to natural climatic conditions. As a result, this section of the Lake is likely to dry out for a period of time.

WHY IS THIS IMPORTANT?

Lake Dulverton is a valuable wetland environment, and managing its future requires us to consider:

- Water quality
- Bird and fish habitat
- Native wetland plants
- The impacts of a changing climate
- The long-term health of the lake

Come and chat with people involved in managing Lake Dulverton. This is a drop-in information session — there is no formal presentation.

We welcome the community to come along.

DULVERTON ANGLERS

EST 2024

Lake Dulverton Repatriation Program

Over many years, Lake Dulverton has been a renown recreational facility for the Oatlands community. 'The Lake' has played host to a number of recreations spanning over many generations with longtime locals and travelers alike having memories of activities such as speed boat racing, canoe races and sail boats bringing the lake to life. In more recent times Lake Dulverton has adopted a more relaxed variety of hobbies, playing host to hikers, bird watchers, rock climbers and anglers, to name a few.

Unfortunately, over the past couple of years, Lake Dulverton has rapidly declined in health going from a thriving wetland filled with aquatic life, birds and opportunity, to what is now a dead waterway, overran with aquatic weed (milfoil). Through observation of Dulverton Anglers, we have seen 'The Lake' diminish in dissolved oxygen to as low as 5% which is not enough to sustain aquatic life such as fish. The diminished dissolved oxygen levels not only have a fatal result for aquatic life, but the flow on effect is also much greater, flowing on to bird life which can be seen in the gross decline in in bird numbers around the lake.

The aquatic weed that has taken over the lake is blanketing the surface, not allowing natural aggravation of the top water to introduce oxygen. The blanket of Milfoil is choking out the Ribbon weed and other species of weed that are beneficial to many native animals for food sources, shelter and nesting material.

Despite the best efforts of Dulverton Anglers in suppressing the weed and maintaining some clear water, we have been overrun and the weed has completely taken over.

The changes we see in the lake need to be addressed urgently before irreversible damage is caused to a vital part of the Oatlands district.

Dulverton Anglers fully support the repatriation program outlined by the Southern Midlands Council and commend councilors on reaching a bold yet considered decision.

17.2.2 Elected Member Statements

An opportunity is provided for elected members to brief fellow Councillors on issues not requiring a decision.

17.2.3 Local Government Amendment (Targeted Reform) Act 2026

Author: GENERAL MANAGER (TIM KIRKWOOD)

Date: 18 SEPTEMBER 2026

Attachment(s):

Extracts - Local Government (Meetings Procedures) Regulations 2025

ISSUE

Provide confirmation that the *Local Government Amendment (Targeted Reform) Act 2026* was recently passed by the Tasmanian Parliament and that a number of provisions commenced on 1 September by proclamation by the Governor.

DETAIL

The Local Government Amendment (Targeted Reform) Act 2026 included a number of amendments to the *Local Government Act 1993*, and other related legislation.

Some of these amendments just provided a head of power to facilitate the change and further Orders relating to implementation will follow in 2027. However, the following have an immediate effect:

- Expanding the circumstances in which a performance improvement direction may be recommended to include a failure to comply with statutory requirements – no need to take any action at present (to brief new Council)
- Provisions for the appointment of temporary advisors - no need to take any action at present (to brief new Council)
- Remote Meetings – refer amendment section of the Act (attached)
- Councillor allowances and number reforms – in terms of Councillor numbers, no change for SMC, but the new allowances will take effect from 1 November 2026

The enclosed Table lists all the relevant changes and the details related to timeframes etc.

The Induction process for the newly elected Council will involve a detailed briefing in relation to each.

Human Resources & Financial Implications – Refer comment provided.

Community Consultation & Public Relations Implications – Not applicable.

Priority - Implementation Time Frame – Refer detail provided.

RECOMMENDATION

THAT the information be received.

17.3 Finances

Strategic Plan Reference 5.3

5.3.1 Community's finances will be managed responsibly to enhance the wellbeing of residents

5.3.2 Council will maintain community wealth to ensure that the wealth enjoyed by today's generation may also be enjoyed by tomorrow's generation

5.3.3 Council's financial position will be robust enough to recover from unanticipated events, and absorb the volatility inherent in revenues and expenses.

17.3.1 Monthly Financial Statement (Period ending 31 August 2026)

Author: MANAGER FINANCE (MANDY BURBURY)

Date: 8 SEPTEMBER 2026

ISSUE

Provide the Financial Reports for the period ending 31st August 2026.

BACKGROUND

The Operating Expenditure Report includes year to date budget estimates for each Program and corresponding year to date actual expenditure. Variations between budget and actual expenditure are provided.

Note: Depreciation is calculated on an annual basis at the end of the financial year. The budget and expense for depreciation are included in the June period.

DETAIL

The enclosed Report incorporates the following: -

- Statement of Comprehensive Income – 1 July 2025 to 31 August 2026.
- Operating Expenditure Report – 1 July 2025 to 31 August 2026.
- Capital Expenditure Report – 1 July 2025 to 31 August 2026.
- Cash Flow Statement – 1 July 2025 to 31 August 2026.

OPERATING EXPENDITURE (OPERATING BUDGET)

Overall operating expenditure to the end of August was \$1,680,704, representing 82.0% of the Year to Date Budget.

While there are some variations within the individual Program Budgets (refer to the following comments), expenditure is consistent with the Budget.

Strategic Theme - Infrastructure

Nil.

Strategic Theme – Growth

Sub-Program – Business - expenditure to date (\$61,975 – 120.13%). Any additional expenditure relating to private works is offset by an increase in private works income.

Strategic Theme – Landscapes

Nil.

Strategic Theme – Community

Nil.

Strategic Theme – Organisation

Nil.

CAPITAL EXPENDITURE PROGRAM

Capital expenditure projects are colour coded to signify the grant program and show the completion deadlines. A legend of the colour coding is as below:

Legend – Source and completion deadlines for grant funded projects

Roads to Recovery	It is the Government's intention that the full allocation is budgeted and spent in the year allocated
Other Specific Purpose Grants	Completion date as per grant deed or approved extension date

RECOMMENDATION

THAT the Financial Report be received and the information noted.
