Details of building, demolition or plumbing work:

Type of work: Permit work Notifiable work Low risk work
(X one applicable.)
Address: *Certificate of title No:*

Description of work: *(new building / alteration / addition / repair / demolition / removal / re-erection / other / plumbing work)*
Use of building: *(main use)* **Building class:**

I confirm that the proposed works are not Certifiable Works by virtue that all of the following are satisfied:

- The works will not increase the demand for water supplied by TasWater
- The works will not increase or decrease the amount of sewage or toxins that is to be removed by, or discharged into, TasWater's sewerage infrastructure
- The works will not require a new connection, or a modification to an existing connection, to be made to TasWater's infrastructure
- The works will not damage or interfere with TasWater's works
- The works will not adversely affect TasWater's operations
- The work are not within 2m of TasWater's infrastructure and are outside any TasWater easement
- I have checked the LISTMap to confirm the location of TasWater infrastructure
- A water meter is in place, or has been applied for to TasWater, for the subject property

If you cannot check ALL of these boxes, you must contact TasWater to determine if the proposed works are Certifiable Works.

Certification:

I, being a **Licensed Builder / Plumber / Designer** responsible for the proposed work (*delete one not applicable*), am satisfied that the works described above are not **Certifiable Works**, as defined within the *Water and Sewerage Industry Act 2008*, that I have answered the above questions with all due diligence and have read and understood the **Guidelines for TasWater CCW Assessments**.
