

Date 22 November 2022

## NOTIFICATION OF WORKS

To Owner/Occupier,

As part of our commitment to improve water infrastructure throughout the state, we will be conducting maintenance works in your area that will result in reduced water pressure to the township of Oatlands.

Reduced water pressure will be experienced by customers on **Thursday 1 December 2022, between the hours of 9.00am – 1.00pm.**

Although we take the utmost care to adhere to interruption times, sometimes unforeseen complications can occur during works. Under these circumstances we will send a SMS to inform you of the extended interruption time or a staff member will knock on your door to advise.

Thank you for your understanding as we undertake this important project.

For more information about this project please contact our Community Engagement Team on 13 6992 or email [enquiries@taswater.com.au](mailto:enquiries@taswater.com.au)

Kind regards,

**Moira Skinner**  
**Capital Engagement**
