

**PROPOSED BUS SHELTER – HIGH STREET, OATLANDS**  
**INVITE TO PROVIDE COMMENT AND FEEDBACK**

The Southern Midlands Council has been requested to erect a Bus Shelter in High Street, Oatlands. It is proposed that the Shelter be located in the vicinity of the present Bus Stop at the front of the Oatlands District High School (i.e. adjacent to the netball court).

Whilst the provision of bus shelters is generally not a local government responsibility, past requests to the bus service organisations to provide such infrastructure, or alternatively, to contribute to bus shelters, has proven to be unsuccessful.

In light of the above, Council has approved 'in-principle' the proposal to erect a Shelter, but in doing so, resolved that the proposed design be advertised for community comment and feedback prior to progressing further.

The following design option was considered to be the most appropriate taking into account its heritage style, size and total cost.

The proposed shelter would be 3.50 metres long x 1.50 metres wide.

Three sides would be half glass; and double back colorbond.

A colour scheme has yet to be decided.

Should you have any thoughts or ideas in relation to an alternative design (photo appreciated); colour scheme; or any other general comments, please submit them in writing via email to [mail@southernmidlands.tas.gov.au](mailto:mail@southernmidlands.tas.gov.au) or post to Southern Midlands Council, PO Box 21, Oatlands 7120.

Submission will be received until 25<sup>th</sup> January 2019.
