11. COMMUNITY / PRIVATELY OWNED RECREATION GROUNDS

11.1 LEVENDALE RECREATION GROUND

11.2 RUNNYMEDE RECREATION GROUND

The Committee were asked to recall that the transfer of the privately owned Runnymede Cricket Ground to Council has been a long and drawn out process, given the deal was about to be closed when the then owners, Gunns Ltd went into receivership.

The matter has progressed with the new owners, FGI Australia Pty Ltd agreeing to the following:

Lot 1 on the attached plan is to be subdivided from CT 151213/1 and created as Public Open Space in the name of Southern Midlands Council for a consideration of \$1.00. This is the ground that the Runnymede Cricket Club has used as their home ground for many years.

A Memorandum of Understanding will be signed between Southern Midlands Council and the Runnymede Cricket Club, allowing the club to remain on the site and undertake their normal activities.

The existing owner has agreed to this subdivision application on the grounds that the Club can remain on this site and that the land is dedicated Public Open Space.

There are two formal covenants that the existing owner requires on the title as a condition on the transfer, namely;

- Recognition of the use of the neighbouring property for forestry operations, and*
- First right of refusal (at \$1) if the land was ever to be offered for sale in the future by Council.*

The application has been lodged for Planning Approval and subsequently a Planning Permit has been issued.

Tony Woolford has been contracted by Council to prepare the Certificate of Title and Council is currently in discussions with Dobson Mitchell & Allport (Council's Solicitors) in respect of the covenants.

Once these transactions have been completed this ground will then be taken off the Community Owned Recreation Grounds and placed in the Council Owned Recreation Grounds. A MOU will then be entered into with the Runnymede Cricket Club.

14. COMMUNITY SMALL GRANTS PROGRAM

14.1 SOUTHERN MIDLANDS COMMUNITY SMALL GRANTS 2016/2017

Author: DEPUTY GENERAL MANAGER / MANAGER, COMMUNITY & CORPORATE DEVELOPMENT (ANDREW BENSON)

Date: 7th September 2016

Attachments

1. *Assessment Analysis (A3 size - to be provided at the meeting)*
2. *Summary of 14 Applications received*
3. *Folder containing hard copy of all applications*

BACKGROUND

Council has conducted a Community Small Grants program twice a year since 2008, converting to an annual program in September 2009. The main aim of the program is to streamline and condense the many requests for financial support received from various community groups, charitable organisations and service providers throughout the year. The program has proven to be very popular with all the target groups and excellent goodwill is gleaned from the successful grant recipients. Additional kudos has been obtained recently by having large “grant cheques” presented at the Australia Day function in January.

[EXTRACT FROM THE GUIDELINES]

The Southern Midlands Council's Community Small Grants program has been established to support projects, programs and activities developed for the benefit of the residents of the Southern Midlands local government area.

The Community Small Grants provide assistance to community groups to provide programs, improve safety, undertake minor capital works, facilitate small seminars, conferences and forums or purchase equipment.

The Southern Midlands Council recognises the immense community benefit provided to our residents and visitors by local community organisations through the provision of opportunity for involvement in activities in Southern Midlands.

The Community Small Grants Program is one method of supporting and assisting local organisations in providing additional opportunities for the Southern Midlands community.

Purpose

To provide financial assistance in a regulated and equitable way to community groups catering for, and responding to, the needs of the residents and visitors to Southern Midlands.

The program provides assistance to organisations to conduct a wide range of activities. The following broad categories are designed to give applicants an idea as to the types of projects which Council seeks to support through this program:

Community Building

Projects which aim to increase community participation & access to information, services & facilities while strengthening community and social well-being.

Minor Capital Works

Projects which enhance our community facilities by aiding in the development of new facilities or improvements to any existing Community/Council owned facility. It will provide assistance for projects such as fencing, roofing, ground lighting, shade sails, building refurbishments, paving, etc.

Safety/Accessibility Upgrades/Equipment

Projects that increase the capacity of local groups and clubs to cater for the needs of the community. These developments can be in the form of a construction project or the purchase of equipment.

Frequency

Council's grant program is currently held on an annual basis.

Evidence of expenditure of funds is required to accompany the evaluation. It is preferred that the evaluation / acquittal information be forwarded as soon as the project or purchase is complete ie not left until the final acquittal date

Unsatisfactory acquittal of the grant may lead to withdrawal of the grant approval and subsequent request for return of the allocated funding.. Inability to apply for future grant funding may also apply in this circumstance. The assessment panel will then make their recommendations to the next scheduled Council Meeting for adoption.

*Once adopted by Council the applicants will be informed of their success or otherwise in gaining funding. Successful applicants will need to supply Council with a tax invoice [on their own letterhead preferably] for the approved grant amount to allow funding of grant monies to be processed **.This should be done as soon as the approved grant funding letter has been received.***

[END OF EXTRACT FROM THE GUIDELINES]

MUST - Eligibility YES
A not for profit community group or voluntary association that is legally constituted as an incorporate body
A not for profit community group or voluntary association that is not legally constituted as an incorporate body but will operate this grant under the auspice of one - Name of auspicing body
The group or organisation is located in the Southern Midlands municipal area
The group or organisation is proposing an activity or project which will take place in the Southern municipal area, for the benefit of those who live, visit or conduct business in the municipal area.
The applicant is able to demonstrate financial viability and competence.
The applicant meets Council's insurance requirements (if applicable).
Is the applicant an educational organisation
If an education provider will the project/activity be open to all residents and does it have a broad community benefit.
If the application is for an equipment grants applicants are required to contribute at least 50% towards the cost of the equipment, has this been identified in the budget.

- **Secondly**, a set of criteria in a matrix format to establish the areas in which the grant does not cover. This set of criteria was extracted from the grant guidelines as issued to the Applicants. This set of criteria required a YES, NO or N/A response. These are also classified as *must comply*, if an Applicant scores a YES in response then the application is not further assessed.

MUST - NOs	Funds not available for the following
	Has the Applicant organisation previously failed to acquit Council assisted projects in line with the agreed terms.
	Actions/services previously disbursed.
	Fundraising purposes (donations).
	Program/projects by local schools/education providers that are exclusive to students Core school curriculum and activities cannot be considered.
	Projects with ongoing costs e.g. staff, salaries, administration, maintenance, insurance, rental or lease arrangements.
	Community Organisations who already receive Council funds to undertake a specific activity for which funding is being sought or community organisations wanting to do a specific activity that is already funded by Council.
	The purchase of land.
	Routine and regular maintenance work to existing facilities (e.g. gardening, cleaning).
	Facilities where little or no public access is available.
	Travel to sporting competitions or conferences for individual or community groups.

- **Thirdly**, a set of criteria that have been called the WANTS in a matrix format that are ‘weighted’ to gauge the extent to which the assessment team believe that the application meets the criteria detailed below. This set of criteria has been extracted from the grant guidelines as they are pivotal to the decision making process, eg risk assessment, funding sought from Council as a percentage of the total project costs, etc.

This set of criteria required a “raw scoring” of between 1 and 5 (5 being the highest/best category), which is then multiplied by the weighting to achieve a “refined score”. For example in Criterion 1 below, the weighting (WT) is 10 because it was felt that this criterion represents a very high priority, when the application is scored by an assessment panel member against this criterion if the member of the assessment panel scores it as a 1, in the 1 to 5 range, this is then automatically multiplied by the weighting (WT), which arrives at a “refined score” of 10. Likewise if the member assessed it as a 5, in the 1 to 5 range which is then automatically multiplied by the weighting (WT) it comes up with a “refined score” of 50. Working this process through against each of the eleven criteria by each of the assessment panel members it arrives at a total as shown on the attached A3 Summary Sheet. Affectively in this model the highest collective score is determined to be the most deserving application.

WANT	WT
Criteria 1	
Demonstrate considerable benefit to the community;	10
Criteria 2	
Raise the awareness of or access to a service, program, group or issue or maximize the participation or use of facility;	10
Criteria 3	
Demonstrate coordination with other groups in the Community;	5
Criteria 4	
Address local issues by attempting to meet a Community need or gap;	15
Criteria 5	
Show evidence of community support for the project;	10
Criteria 6	
Enhance the lifestyle options for residents and visitors in the Community;	5
Criteria 7	
Demonstrate an ability to manage the project through resource allocation, effective planning, clear goals and evaluation processes;	15
Criteria 8	
Demonstrate the ability to be ongoing.	10
Criteria 9	
Is the project reliant on other funds, if so have other funds been approved	5
Criteria 10	
Grant funds applied for as a % of the total amount to complete the project (including in-kind contribution)	10
Criteria 11	
Risk Assessment of this Project	10

- **Potential Conflict of Interest** It is important to have at least five people that assess and score the applications because of the high level of potential ‘conflict of interest’ that

is present in such a small Community. When a Councillor or officer identifies a conflict of interest (ie if an Elected Member or an Officer on the Assessment Panel is an office bearer for the organisation that is an Applicant for a grant they are required to declare that interest and exit the meeting, they do not enter into discussions or score that application) and the automatic scoring in the spread sheet is adjusted by the averaging (ie if there is no conflict of interest with an Application the totals of all five scorers is summed and then divided by five to achieve the average. If there is one conflict of interest then the totals of all four scorers is summed and then divided by four to achieve the average). Therefore with potentially five assessors individually scoring eleven criteria, coupled with the weightings and then the averaging, no one assessor has the ability to adversely influence the potential outcome of the scoring. In a further element of transparency the A3 Summary Sheet is available to all applicants so that they can gauge their level of success compared with the other applicants based purely on the identified criteria.

Members of the Assessment Panel who declare an interest and therefore stand aside in relation the nominated application are identified in the report to ensure the integrity of the process.

14.1 SMC Community Small Grant 2016/17 (continued)

The grants assessment was undertaken and the schedule on page 33 represents the applicants, their projects, their respective request for funding and their respective consideration by the Committee including priority ranking and funding allocation.

Clr Bantick declared an interest in respect the Brighton Equestrian Club and left the room during discussions and decisions in respect of this application.

Kelly Woodward declared an interest in respect the Colebrook Progress Association and left the room during discussions and decisions in respect of this application.

There were a number matters that the Assessment Team took into account during the process besides the structured assessment process, namely;

1. There were requests from two separate organisations for seating in Council owned buildings. The two organisations had identified the style and model of chair that they were requesting funds for. They ranged from Colebrook Memorial Hall Committee (*ranking on page 33 is 1 - this is the highest ranking of all the projects*) requesting 100 chairs at \$8.98 per chair (supplier - Bunnings), to MILE (*ranking on page 33 is 10th*) requesting 20 chairs at \$97.00 per chair (supplier - specialist manufacturer interstate). The Committee were of the view that a standard has been set for the type and weight

capacity of chairs for Council buildings and these were the chairs that were purchased some years ago for the Kempton Memorial Hall. These chairs at Kempton are steel framed, cushioned seat, stackable and having a weight holding capacity of 120kgs to 150kgs. The chairs from Bunnings were a carrying capacity of 100kgs and were of the folding type. The chairs from the specialist manufacturer were a higher quality than the Kempton chairs and the grant request covered \$340.00 in freight costs. From a risk management perspective the Bunnings chairs were seen as unacceptable, and it was also felt that the specialist manufacturer chairs were excessive in cost and not a good investment of public funds.

Before the meeting a price was sought from the local supplier of the Kempton Memorial Hall chairs along with a current price. The price ex GST was \$59.00 per chair which was very close to the price paid for the Kempton chairs a number of years ago. The Committee resolved that the allocation for MILE would be 20 chairs at the now reduced cost of \$59 each rather than \$97 each and the allocation to Colebrook Hall Management Committee would be 50 Chairs at \$59 each rather than the 100 chairs at \$8.98 each. These arrangements will be confirmed with the Applicants prior to a “success letter” being sent to the organisation.

2. The Brighton Equestrian Club Inc (*ranking on page 33 is 5th*) payment will be subject to them achieving Planning and Building Approval for the works.
3. The Campania Football Club Inc (*ranking on page 33 is 7th*) payment will be subject to them providing evidence that there are sufficient funds available to cover their contribution to the project.
4. The Stepping Stone Equine Hoof Care (*ranking on page 33 is 12th*) application sought \$3,000 for the running of a public course on hoof care for horses the Applicant has a “will accept” figure of \$2,700. The choice of the Committee was to not fund this project, or provide a \$1,000 grant. Bearing in mind that if the \$1,000 was to be taken up by the Applicant, all applications across this grant round will have been provided funding support. The horse owners within the Committee felt that there was a strong need for this public course to be provided to our Community. These arrangements will be confirmed with the Applicant prior to a “success letter” being sent to the organisation.

			Totals	\$ 56,921.08	\$ 34,966.70	\$ 31,668.25	\$ 31,424.75		

CONCLUSION

The final figure with all projects funded as per the summary on the previous page is \$31,424.75 as opposed to a budget figure of \$30,000.

It is noted that the total value of the Projects submitted is \$56,921 with Council contributing \$31,424; this means that the Community themselves are investing \$25,497 of their own money into Community assets that will benefit the broader Southern Midlands Community. Therefore this SMC Grant Program not only provides tangible financial support for worthwhile Community infrastructure it is also a catalyst for the leveraging of nearly that same amount again in the investment of Community assets. This is an excellent outcome for both Council and the Community.

RECOMMENDATION TO COUNCIL

That this decision to be ratified by Council at the September 2016 meeting

15. DISABILITY ACCESS AND INCLUSION (Disability Discrimination Act)

Author: DEPUTY GENERAL MANAGER / MANAGER, COMMUNITY & CORPORATE DEVELOPMENT (ANDREW BENSON)

Date: 7th September 2016

To be provided at the meeting

1. SMC Disability Access & Inclusion Policy
2. SMC Disability Access & Inclusion Plan
3. SMC Disability Access & Inclusion Plan - *Access to Buildings & Facilities Checklist*

BACKGROUND

During the Southern Midlands Council Manager's Away Forum at Tarraleah in April 2016, Andrew Benson raised the matter of Council's obligations under the Disability Discrimination Act 1992. The group discussed the matter and the General Manager also provided a personal perspective in relation to the RSL Bowls Club in respect of wheelchair access. After an in-depth discussion the following was resolved to submit to Council for budget consideration and it was subsequently approved for budget inclusion.

1. We have a budget item for the next five years to address DDA matters in our Council buildings, ie \$50,000 pa which equated to \$250,000 over the next five years and that should go a long way towards making a difference.
2. In line with the aforementioned commitment our Building Surveyor will be asked to inspect one sporting club, or Community organisation per quarter as a complementary service by Council and provide a report including an action plan for the club/organisation to move forward with its respective responsibilities under the DDA.

Following Council's budget allocation consideration, Andrew Benson convened a meeting to talk with Manager of Development & Environmental Services, David Cundall plus Building Surveyor Leon McGuinness to talk through the implementation of these recommendations at a practical level.

Items signed off on with Mgr DES and BS:

- Project Plan/timeline for Council Properties
- Project Plan/timeline for Community Properties
- Reporting framework

The Deputy General Manager advised that a request had been registered from a local resident, Carol Kenny, who uses the Oatlands pool for a couple of rails to be installed that will enable her to use the facility in more safety. Carol has to use a crutch and find it very difficult to get access to the pool and the amenities within the pool site. It is estimated that this would be a minimum cost and would be the first expenditure under this new DDA program that Council has established.

17. CONSIDERATION OF SUPPLEMENTARY ITEMS TO THE AGENDA

17.1 SCHOOL HOLIDAY PROGRAM UPDATE

Community Development/Recreation Officer, Kelly Woodward provided a brief update to the Committee in respect of the School Holiday Program.

Seven successful School Holiday Activities for children aged predominantly between 9 and 13 years have been provided during the September 2015, January, April and July 2016 School Holiday periods. These activities were funded utilising a successful grant from Communities for Children, direct funding from Southern Midlands Rural Primary Health Services and, from the SMC Youth Budget.

Participants involved children from 14 individual townships within the Southern Midlands municipality. Only 3 of these towns have access to public transport, albeit very limited and there are no other regular school holiday activities facilitated locally.

The average attendance for any single activity was 41, with 78 separate families being represented.

Sessions encouraged participation in physical exercise, goal setting, water safety and water play, educational experiences, science-based activities, team building activities, health and nutrition information sharing, artistic development and socialisation.

This program is vital in the provision of activities for these geographically and socially disadvantaged children. 17 individuals are known to have been recipients of specialised family support services in the past, some of whom currently remain engaged in such support.

It remains the “flagship program” in the Community Development suite of programs, continually receiving very positive and encouraging feedback.
